

## Article 1

Requirements concerning freedom of establishment of providers.

The competent authorities shall notify the EFTA Surveillance Authority of any new laws and regulations concerning the freedom to provide services with establishment in Iceland regarding any of the following requirements:

quantitative or territorial restrictions, in particular in the form of limits fixed according to population or

geographical distance between providers;

an obligation on a provider to take a specific legal form;

requirements which relate to the shareholding of a company;

requirements which reserve access to the service activity in question to particular providers by virtue of the specific

nature of the activity. This does not, however, apply to

matters covered by Act No 26/2010 on the recognition of professional qualifications required to pursue activities in

Iceland, or other rules that may be derived from EEA rules;

a ban on the provider having more than establishment in Iceland;

requirements fixing a minimum number of employees;

fixed minimum or maximum tariffs with which the provider must comply;

an obligation on the provider to supply other specific services jointly with his service.

## Article 2

Requirements relating to the freedom to provide services without establishment

When the competent authorities introduce new requirements or alter the existing requirements applicable to providers exercising a service activity without establishment, in accordance with Article 13 of Act No 76/2011 on services in the internal market of the European Economic Area, they shall notify the changes to the EFTA Surveillance Authority.
