Section 1. All stuffing/inspection requirements on export cargoes are dispensed with, EXCEPT the following export shipments:

1. Those required as a result of the existence of import quotas in other countries, such as garments and sugar;

Section 3. Nothing in this Order shall be construed as diminishing the general powers and authority of the Bureau of Customs to prevent and suppress smuggling, enforce tariff and customs laws, and supervise all import and export cargoes under Section 602 of the Tariff and Customs Code.
