**Article I**  
**PURPOSE AND SCOPE**

1. This Agreement deepens defense cooperation between the Parties and maintains and develops their individual and collective capacities, in furtherance of Article II of the MDT, which states that "the Parties separately and jointly by self-help and mutual aid will maintain and develop their individual and collective capacity to resist armed attack," and within the context of the VFA. (b) Authorizing access to Agreed Locations in the territory of the Philippines by United States forces on a rotational basis, as mutually determined by the Parties.

2. In furtherance of the MDT, the Parties mutually agree that this Agreement provides the principal provisions and necessary authorizations with respect to Agreed Locations.

3. The Parties agree that the United States may undertake the following types of activities in the territory of the Philippines in relation to its access to and use of Agreed Locations: security cooperation exercises; joint and combined training activities; humanitarian assistance and disaster relief activities; and such other activities as may be agreed upon by the Parties.

### **Article III AGREED LOCATIONS**

2. When requested, the Designated Authority of the Philippines shall assist in facilitating transit or temporary access by United States forces to public land and facilities (including roads, ports, and airfields), including those owned or controlled by local governments, and to other land and facilities (including roads, ports, and airfields).

3. Given the mutuality of benefits, the Parties agree that the Philippines shall make Agreed Locations available to United States forces without rental or similar costs. United States forces shall cover their necessary operational expenses with respect to their activities at the Agreed Locations.

4. The Philippines hereby grants to the United States, through bilateral security mechanisms, such as the MDB and SEB, operational control of Agreed Locations for construction activities and authority to undertake such activities on, and make alterations and improvements to, Agreed Locations. United States forces shall consult on issues regarding such construction, alterations, and improvements based on the Parties' shared intent that the technical requirements and construction standards of any such projects undertaken by or on behalf of United States forces should be consistent with the requirements and standards of both Parties.

5. The Philippine Designated Authority and its authorized representative shall have access to the entire area of the Agreed Locations. Such access shall be provided promptly consistent with operational safety and security requirements in accordance with agreed procedures developed by the Parties.

6. United States forces shall be responsible on the basis of proportionate use for construction, development, operation, and maintenance costs at Agreed Locations. Specific funding arrangements may be defined in implementing arrangements.

**Article IV**

1. The Philippines hereby authorizes United States forces, through bilateral security mechanisms, such as the MDB and SEB, to preposition and store defense equipment, supplies, and materiel ("prepositioned materiel"), including, but not limited to, humanitarian assistance and disaster relief equipment, supplies, and materiel, at Agreed Locations. United States forces shall notify the AFP in advance regarding the quantities and delivery schedules of defense equipment, supplies, and materiel that United States forces intend to preposition in Agreed Locations, as well as who will make such deliveries.

2. The Parties share a recognition of the benefits that such prepositioning could have for humanitarian assistance and disaster relief. The Parties also recognize the value of such prepositioning to the enhancement of their individual and collective defense capabilities.

3. The prepositioned materiel of United States forces shall be for the exclusive use of United States forces, and full title to all such equipment, supplies, and materiel remains with the United States. United States forces shall have control over the access to and disposition of such prepositioned materiel and shall have the unencumbered right to remove such prepositioned materiel at any time from the territory of the Philippines.

4. United States forces and United States contractors shall have unimpeded access to Agreed Locations for all matters relating to the prepositioning and storage of defense equipment, supplies, and materiel, including delivery, management, inspection, use, maintenance, and removal of such equipment, supplies and materiel.

5. The Parties share an intent that United States contractors may carry out such matters in accordance with, and to the extent permissible under, United States laws, regulations, and policies.

6. The prepositioned materiel shall not include nuclear weapons.

**Article V**  
**OWNERSHIP**

1. The Philippines shall retain ownership of and title to Agreed Locations.

2. The United States shall return to the Philippines any Agreed Locations, or any portion thereof, including non-relocatable structures and assemblies constructed, modified, or improved by the United States, once no longer required by United States forces for activities under this Agreement. The Parties or the Designated Authorities shall consult regarding the terms of return of any Agreed Locations, including possible compensation for improvements or construction.

3. United States forces and United States contractors shall retain title to all equipment, materiel, supplies, relocatable structures, and other moveable property that have been imported into or acquired within the territory of the Philippines by or on behalf of United States forces.
