

# **Petroleum (Transport and Storage) Rules**

## **Table of Contents**

### **Part I PRELIMINARY**

#### **1 Citation**

#### **2 Definitions**

### **Part II PACKAGES**

#### **3 Method of storage — dangerous petroleum**

### **Part III TRANSPORT**

#### **4 Transportation**

#### **5 Licence required for transport of petroleum**

#### **6 Licence to be carried in vehicle**

#### **7 Special cases**

#### **8 Approved and sealed containers**

### **Part IV STORAGE OF PETROLEUM IN QUANTITIES EXCEEDING 5 CASES BUT NOT EXCEEDING 12½ CASES**

#### **9 Storage**

### **Part V STORAGE OF PETROLEUM IN QUANTITIES EXCEEDING 12½ CASES BUT NOT EXCEEDING 100 CASES OR EXCEEDING 182 LITRES BUT NOT EXCEEDING 3,637 LITRES**

#### **10 Storage of petroleum in quantities exceeding 12½ cases but not exceeding 100 cases**

**11 Storage of petroleum in quantities exceeding 182 litres but not exceeding 3,637 litres**

**12 Storage — general requests**

**Part VI STORAGE OF PETROLEUM IN QUANTITIES EXCEEDING 100 CASES BUT NOT EXCEEDING 400 CASES**

**13 Storage**

**14 Plans**

**15 Conditions relating to storage building**

**16 Petroleum to be stored only in chamber**

**17 Limited quantity may be kept out of chamber**

**18 Transfer of petroleum in day light**

**19 Heat source to be at 3 metres distance**

**20 Hot works prohibited**

**Part VII QUANTITIES OF PETROLEUM EXCEEDING 400 CASES OR PETROLEUM IN BULK EXCEEDING 3,637 LITRES**

**21 Storage of petroleum exceeding 400 cases**

**22 Building plan**

**23 Structure of licensed building**

**24 Petroleum in bulk exceeding 3,637 litres**

**25 Storage of naked tins**

**26 Soldering operations**

**27 Storage of other goods prohibited**

**28 Naked or artificial lights prohibited**

**29 Sluice valves**

**30 Miscellaneous prohibitions**

**31 Doors and windows to be closed at night**

**Part VIII STORAGE OF DANGEROUS PETROLEUM IN SMALL  
QUANTITIES FOR PRIVATE USE**

**32 Storage**

**33 Safety in such storage**

**Part IX STORAGE OF DANGEROUS PETROLEUM IN QUANTITIES NOT  
EXCEEDING 90 LITRES**

**34 Storage**

**Part X STORAGE OF DANGEROUS PETROLEUM IN QUANTITIES  
EXCEEDING 90 LITRES BUT NOT EXCEEDING 227 LITRES**

**35 Storage**

**36 Storage only in approved positions and receptacles**

**37 Naked lights prohibited**

**38 Transfer of dangerous petroleum in day light**

**39 Soldering works prohibited**

**Part XI STORAGE OF DANGEROUS PETROLEUM IN QUANTITIES  
EXCEEDING 227 LITRES BUT NOT EXCEEDING 2,270 LITRES**

**40 Storage**

**41 Plans for chambers**

**42 General conditions**

**43 Limit of quantities which may be exposed for sale**

**44 Naked lights and smoking prohibited**

**45 Transfers from containers**

**46 Restriction on other storage**

**47 Soldering works prohibited**

**Part XII STORAGE OF DANGEROUS PETROLEUM IN QUANTITIES  
EXCEEDING 2,270 LITRES**

**48 Storage**

**49 Plan for such building**

**50 General conditions**

**51 Storage of tins**

**52 Hot work**

**53 Safety conditions relating to licensed buildings**

**Part XIII STORAGE OF DANGEROUS PETROLEUM IN UNDERGROUND  
TANKS FOR PURPOSES OF RETAIL TRADE OR PRIVATE  
CONSUMPTION**

**54 Storage**

**Part XIV STORAGE OF DANGEROUS PETROLEUM IN TANKS IN  
QUANTITIES EXCEEDING 9,092 LITRES**

**55 Licence**

**56 Installation plan**

**57 Quantities exceeding 1,363,800 litres**

**58 Installations for quantities not exceeding 1,363,800 litres**

**59 Installations for quantities exceeding 1,363,800 litres**

**60 Tanks of less than 90,920 litres capacity**

**61 Fencing**

**62 Draining of enclosures**

**63 Power to waive requirements**

**Part XV GENERAL**

**64 Tanks**

**65 Testing**

**66 Vent pipes**

**67 No smoking**

**68 Fire service**

**69 Supply of sand or dry earth**

**70 Copies of Rules to be displayed**

**71 Board of approved pattern to be supplied by Director**

**72 Application for renewal of licence**

**73 Application for new licences**

**74 Further conditions**
