## **Strategic Goods (Control) (Amendment) Bill**

**Bill No. 35/2007**

*Read the first time on 27th August 2007.*

An Act to amend the Strategic Goods (Control) Act (Chapter 300 of the 2003 Revised Edition).

Be it enacted by the President with the advice and consent of the Parliament of Singapore, as follows:

### **Short title and commencement**

1. This Act may be cited as the Strategic Goods (Control) (Amendment) Act 2007 and shall come into operation on such date as the Minister may, by notification in the *Gazette*, appoint.

### **Amendment of section 2**

2. Section 2(1) of the Strategic Goods (Control) Act (referred to in this Act as the principal Act) is amended —

(a) by inserting, immediately after the definition of “country”, the following definition:

“ “development”, in relation to any goods, means any stage prior to the serial production of the goods, including design, design research, design analysis, development of a design concept, assembly and testing of a prototype, pilot production, generation of design data, the process of transforming design data into a product, configuration design, integration design, and layout;”;

(b) by inserting, immediately after the definition of “permit”, the following definition:

“ “production”, in relation to any goods, means any stage of production of the goods, including construction, production engineering, manufacture, integration, assembly, mounting, inspection, testing, and quality assurance;”;

(c) by deleting the definitions of “strategic goods”, “strategic goods technology” and “technology” and substituting the following definitions:

“ “software” means a collection of one or more programs or microprograms recorded, stored or embodied in any device;

“strategic goods” means any goods prescribed by the Minister as strategic goods under section 4A;

“strategic goods technology” means any technology prescribed by the Minister as strategic goods technology under section 4A;

“technology” means information (including information comprised in such documents as specifications, blueprints, plans, manuals, models, diagrams, formulae, tables and designs) that is necessary for the development, production or use of any goods, and includes software;” and

- (d) by deleting the full-stop at the end of the definition of “transmit” and substituting a semi-colon, and by inserting immediately thereafter the following definition:

““use”, in relation to any goods, means the operation, installation, maintenance, inspection, repair, overhaul or refurbishing of the goods.”.

#### **New section 4A**

3. The principal Act is amended by inserting, immediately after section 4, the following section:

#### **“Strategic goods and strategic goods technology**

**4A.—**(1) The Minister may, by order published in the *Gazette*, prescribe —

- (a) any military or dual-use goods as strategic goods for the purposes of this Act; or
- (b) any military or dual-use technology as strategic goods technology for the purposes of this Act.

(2) In subsection (1) —

“dual-use goods” means goods capable of being used for both a non-military purpose and a military purpose or relevant activity;

“dual-use technology” means technology necessary for the development, production or use of any dual-use goods;

“military goods” means goods solely or predominantly designed or modified for a military purpose, including any part or component thereof;

“military technology” means technology necessary for the development, production or use of any military goods.”.
