ELECTRICAL CONTRACTOR BY-LAWS

*Made under section 63 of the Tonga Electric Power Board Act and continued
in force under section 2(2) of Act 12 of 2007¹*

Commencement [30th April 1985]

1 Short title

These by-laws may be cited as the Electrical Contractor By-Laws.

2 Registration

- (1) Any person with the minimum qualification of a valid overseas registration as an electrician or electrical engineer and sufficient experience in the electrical field to the satisfaction of the Board, may apply to the Manager for registration as an electrical contractor for a period of one year. The year shall commence on the first day of January and end on the 31st day of December.
- (2) The holder of an Electrical Trade Certificate from a recognised institution with a minimum of 10 years experience in the installation and repair of electrical equipment, machinery, appliances, house wiring and other related devices and gadgets satisfactory to the Board, may, upon passing an examination to be laid down by the Board, apply for registration as an electrical contractor.

3 Application

Application for registration as an Electrical Contractor must be supported by documentary evidence of the applicant's qualification, overseas registration and experiences. The Board may require further submission and additional information
