of 13 November 2017

concerning the approval of mustard seeds powder as a basic substance in accordance with Regulation (EC) No 1107/2009 of the European Parliament and of the Council concerning the placing of plant protection products on the market, and amending the Annex to Commission Implementing Regulation (EU) No 540/2011

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009 of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC[(1)], and in particular Article 23(5) in conjunction with Article 13(2) thereof,

Whereas:

(1) In accordance with Article 23(3) of Regulation (EC) No 1107/2009, the Commission received on 6 June 2016 an application from the Institut Technique de l'Agriculture Biologique (ITAB) (France) for the approval of mustard seeds powder as a basic substance. That application was accompanied by the information required by the second subparagraph of Article 23(3) of Regulation (EC) 1107/2009.

(2) The Commission asked the European Food Safety Authority (hereinafter 'the Authority') for scientific assistance. The Authority presented to the Commission a Technical Report on the mustard seeds powder on 20 January 2017[(2)]. The Commission presented the draft review report[(3)] and a draft of this Regulation to the Standing Committee on Plants, Animals, Food and Feed on 20 July 2017 and finalised them for the meeting of that Committee on 6 October 2017.

(3) The documentation provided by the applicant shows that mustard seeds powder fulfils the criteria of a foodstuff as defined in Article 2 of Regulation (EC) No 178/2002 of the European Parliament and of the Council[(4)]. Moreover, it is not predominantly used for plant protection purposes but nevertheless is useful in plant protection in a product consisting of the substance and water. Consequently, it is to be considered as a basic substance.

It is therefore appropriate to approve mustard seeds powder as a basic substance.

(5) In accordance with Article 13(2) of Regulation (EC) No 1107/2009 in conjunction with Article 6 thereof and in the light of current scientific and technical knowledge, it is, however, necessary to include certain conditions and restrictions.
