Commission Implementing Regulation (EU) 2017/410 of 8 March 2017 amending Regulations (EC) No 184/2007 and (EU) No 104/2010, as regards the name of the holder of the authorisation of potassium diformate (Text with EEA relevance)

COMMISSION IMPLEMENTING REGULATION (EU) 2017/410

of 8 March 2017

amending Regulations (EC) No 184/2007 and (EU) No 104/2010, as regards the name of the holder of the authorisation of potassium diformate

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1831/2003 of the European Parliament and of the Council of 22 September 2003 on additives for use in animal nutrition[(1)] and in particular Article 13(3) thereof,

Whereas:

(1) BASF SE has submitted an application in accordance with Article 13(3) of Regulation (EC) No 1831/2003 proposing to change the name of the holder of the authorisation stated in Commission Regulations (EC) No 184/2007[(2)] and (EU) No 104/2010[(3)].

(2) The applicant claims that ADDCON has acquired from BASF the marketing rights for the feed additive potassium diformate with effect from 15 November 2016. The applicant has submitted relevant data supporting its request.

(3) The proposed change of the authorisation holder is purely administrative in nature and does not entail a fresh assessment of the additives concerned. The European Food Safety Authority was informed of the application.

(4) In order to allow ADDCON to exploit its marketing rights, it is necessary to change the conditions of the respective authorisations.

(5) Regulations (EC) No 184/2007 and (EU) No 104/2010 should therefore be amended accordingly.

(6) Since safety reasons do not require the immediate application of the amendments made by this Regulation, it is appropriate to provide for a transitional period during which existing stocks may be used up.

(7) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plant, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Changes to legislation: There are currently no known outstanding effects for the Commission Implementing Regulation (EU) 2017/410. (See end of Document for details)
