Commission Implementing Regulation (EU) 2016/1793 of 10 October 2016 amending Implementing Regulation (EU) 2016/759 as regards the introduction into the Union of gelatine and collagen and treated raw materials for these products from Taiwan (Text with EEA relevance)

COMMISSION IMPLEMENTING REGULATION (EU) 2016/1793

of 10 October 2016

amending Implementing Regulation (EU) 2016/759 as regards the introduction into the Union of gelatine and collagen and treated raw materials for these products from Taiwan

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 2002/99/EC of 16 December 2002 laying down the animal health rules governing the production, processing, distribution and introduction of products of animal origin for human consumption[(1)] and in particular Article 8(1) thereof,

Having regard to Regulation (EC) No 854/2004 of the European Parliament and of the Council of 29 April 2004 laying down specific rules for the organisation of official controls on products of animal origin intended for human consumption[(2)], and in particular Article 11(1) thereof,

Whereas:

(1) Commission Implementing Regulation (EU) 2016/759[(3)] contains lists of third countries, parts of third countries and territories from which Member States are to authorise the introduction into the Union of certain products of animal origin intended for human consumption, including gelatine and collagen.

(2) For gelatine and collagen, Part III of Annex I to Implementing Regulation (EU) 2016/759 divides the species from which gelatine and collagen are derived into four categories. For treated raw materials for the production of gelatine and collagen, Part V of that Annex similarly contains such division. In those Parts, Taiwan is neither listed for imports of gelatine or collagen derived from poultry including ratites and feathered game, nor for imports of treated raw materials for the production of such gelatine or collagen.

(3) Taiwan complies with the conditions for being listed for imports into the Union of such gelatine and collagen and for imports of treated raw materials for the production of such gelatine or collagen laid down in Regulation (EC) No 854/2004 and should therefore be included in the relevant list in Annex I to Implementing Regulation (EU) 2016/759.

(4) Implementing Regulation (EU) 2016/759 should therefore be amended accordingly.

Changes to legislation: Commission Implementing Regulation (EU) 2016/1793 is up to date with all changes known to be in force on or before 15 December 2020. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

(5) In order to avoid any import disruption after the date referred to in Article 8 of Implementing Regulation (EU) 2016/759, this Regulation should enter into force on the third day after its publication.

(6) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,

HAS ADOPTED THIS REGULATION:

Article 1

Annex I to Implementing Regulation (EU) 2016/759 is amended as follows:

(a) in Part III, Section B is replaced by the following:
