(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1107/2009 of the European Parliament and of the Council of 21 October 2009 concerning the placing of plant protection products on the market and repealing Council Directives 79/117/EEC and 91/414/EEC[(1)], and in particular Article 20(1) thereof,

Whereas:

(1) The approval of the active substance pyraflufen-ethyl, as set out in Part A of the Annex to Commission Implementing Regulation (EU) No 540/2011[(2)], expires on 30 June 2016.

(2) An application for the renewal of the inclusion of pyraflufen-ethyl in Annex I to Council Directive 91/414/EEC[(3)] was submitted in accordance with Article 4 of Commission Regulation (EU) No 1141/2010[(4)] within the time period provided for in that Article.

review report for pyraflufen-ethyl to the Standing Committee on Plants, Animals, Food and Feed on 13 July 2015.

(7) It has been established with respect to one or more representative uses of at least one plant protection product containing the active substance that the approval criteria provided for in Article 4 of Regulation (EC) No 1107/2009 are satisfied. Those approval criteria are therefore deemed to be satisfied.

(8) The risk assessment for the renewal of the approval of pyraflufen-ethyl is based on a limited number of representative uses, which however do not restrict the uses for which plant protection products containing pyraflufen-ethyl may be authorised. It is therefore appropriate not to maintain the restriction to uses as a herbicide.

(9) It is therefore appropriate to renew the approval of pyraflufen-ethyl.

(10) In accordance with Article 20(3) of Regulation (EC) No 1107/2009, in conjunction with Article 13(4) thereof, the Annex to Implementing Regulation (EU) No 540/2011 should be amended accordingly.

(11) Commission Implementing Regulation (EU) 2015/1885[(6)] extended the expiry date of pyraflufen-ethyl to 30 June 2016 in order to allow the renewal process to be completed before the expiry of the approval of that substance. Given that a decision on renewal has been taken ahead of this extended expiry date, this Regulation shall apply from 1 April 2016.

(12) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on Plants, Animals, Food and Feed,
