COMMISSION REGULATION (EU) 2015/458

of 19 March 2015

amending Regulation (EC) No 657/2007 implementing Council Regulation (EC) No 1165/98 concerning short-term statistics as regards the establishment of European sample schemes

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1165/98 of 19 May 1998 concerning short-term statistics[(1)], and in particular the third subparagraph, in conjunction with point (d) of the first subparagraph, of Article 17 thereof,

Whereas:

(1) Regulation (EC) No 1165/98 establishes a common framework for the production of short-term European statistics on the business cycle.

(2) Commission Regulation (EC) No 657/2007[(2)] lays down rules and conditions applying to the transmission of data by Member States participating in European sample schemes for short-term statistics. These rules allow for the terms of the European sample schemes to be adapted to changes of the base year.

(3) The weightings for producing the European aggregates of all short-term statistics indicators were updated in 2013. This base-year change gave rise to a review of the NACE activity and CPA product headings selected for the individual Member States participating in the European sample schemes. The selection of NACE activity and CPA product headings should be adapted in order to reflect changes in recent years in the relevance of individual NACE activity and CPA product headings.

(4) Regulation (EC) No 657/2007 should therefore be amended accordingly.

(5) The measures provided for in this Regulation are in accordance with the opinion of the European Statistical System Committee,
