COMMISSION REGULATION (EU) No 301/2013

of 27 March 2013

amending Regulation (EC) No 1126/2008 adopting certain international accounting standards in accordance with Regulation (EC) No 1606/2002 of the European Parliament and of the Council as regards Annual Improvements to International Financial Reporting Standards, 2009-2011 Cycle

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1606/2002 of the European Parliament and of the Council of 19 July 2002 on the application of international accounting standards[(1)], and in particular Article 3(1) thereof,

Whereas:

(1) By Commission Regulation (EC) No 1126/2008[(2)] certain international standards and interpretations that were in existence at 15 October 2008 were adopted.

(2) On 17 May 2012, the International Accounting Standards Board (IASB) published Annual Improvements to International Financial Reporting Standards 2009-2011 Cycle (the improvements), in the framework of its regular improvement process which aims at streamlining and clarifying the standards. The objective of the improvements is to address non-urgent, but necessary issues discussed by the IASB during the project cycle that began in 2009 on areas of inconsistency in International Financial Reporting Standard (IFRSs) or where clarification of wording is required. Three of the improvements, namely the amendments to Appendix D of IFRS 1, International Accounting Standard (IAS) 16, and IAS 34, are clarifications or corrections of the respective standards. The other three improvements, namely the amendments to IFRS 1, IAS 1, and IAS 32, involve changes to the existing requirements or additional guidance on the implementation of those requirements.

(3) The consultation with the Technical Expert Group (TEG) of the European Financial Reporting Advisory Group (EFRAG) confirms that the improvements meet the technical criteria for adoption set out in Article 3(2) of Regulation (EC) No 1606/2002.

(4) Regulation (EC) No 1126/2008 should therefore be amended accordingly.

Comparative information
Minimum comparative information

38 Except when IFRSs permit or require otherwise, an entity shall present comparative information in respect of the preceding period for all amounts reported in the current period's financial statements. An entity shall include comparative information for narrative and descriptive information if it is relevant to understanding the current period's financial statements.

38A An entity shall present, as a minimum, two statements of financial position, two statements of profit or loss and other comprehensive income, two separate statements of profit or loss (if presented), two statements of cash flows and two statements of changes in equity, and related notes.

38B In some cases, narrative information provided in the financial statements for the preceding period(s) continues to be relevant in the current period. For example, an entity discloses in the current period details of a legal dispute, the outcome of which was uncertain at the end of the preceding period and is yet to be resolved. Users may benefit from the disclosure of information that the uncertainty existed at the end of the preceding period and from the disclosure of information about the steps that have been taken during the period to resolve the uncertainty.

Additional comparative information

38C An entity may present comparative information in addition to the minimum comparative financial statements required by IFRSs, as long as that information is prepared in accordance with IFRSs. This comparative information may consist of one or more statements referred to in paragraph 10, but need not comprise a complete set of financial statements. When this is the case, the entity shall present related note information for those additional statements.

38D For example, an entity may present a third statement of profit of loss and other comprehensive income (thereby presenting the current period, the preceding period and one additional comparative period). However, the entity is not required to present a third statement of financial position, a third statement of cash flows or a third statement of changes in equity (ie an additional financial statement comparative). The entity is required to present, in the notes to the financial statements, the comparative information related to that additional statement of profit or loss and other comprehensive income.

Change in accounting policy, retrospective restatement or reclassification

40A An entity shall present a third statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements required in paragraph 38A if:

(a) **it applies an accounting policy retrospectively, makes a retrospective restatement of items in its financial statements or reclassifies items in its financial statements; and**

(b) **the retrospective application, retrospective restatement or the reclassification has a material effect on the information in the statement of financial position at the beginning of the preceding period.**

40B In the circumstances described in paragraph 40A, an entity shall present three statements of financial position as at:
