Commission Implementing Regulation (EU) No 900/2011 of 7 September 2011 concerning the authorisation of lasalocid A sodium as a feed additive for pheasants, guinea fowl, quails and partridges other than laying birds (holder of authorisation Zoetis Belgium SA) (Text with EEA relevance)

COMMISSION IMPLEMENTING REGULATION (EU) No 900/2011

of 7 September 2011

concerning the authorisation of lasalocid A sodium as a feed additive for pheasants, guinea fowl, quails and partridges other than laying birds (holder of authorisation [F1Zoetis Belgium SA])

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1831/2003 of the European Parliament and of the Council of 22 September 2003 on additives for use in animal nutrition[(1)], and in particular Article 9(2) thereof,

Whereas:

(1) Regulation (EC) No 1831/2003 provides for the authorisation of additives for use in animal nutrition and for the grounds and procedures for granting such authorisation.

(2) In accordance with Article 7 of Regulation (EC) No 1831/2003, an application was submitted for the authorisation of lasalocid A sodium, CAS number 25999-20-6. The application was accompanied by the particulars and documents required pursuant to Article 7(3) of Regulation (EC) No 1831/2003.

(3) The application concerns the authorisation of lasalocid A sodium, CAS number 25999-20-6, as a feed additive for pheasants, guinea fowl, quails and partridges other than laying birds, to be classified in the additive category ‘coccidiostats and histomonostats’.

(4) The use of that preparation was authorised for 10 years for chickens for fattening and for chickens reared for laying up to 16 weeks by Commission Regulation (EC) No 1455/2004[(2)], and for turkeys up to 16 weeks by Commission Regulation (EU) No 874/2010[(3)].

(5) New data were submitted in support of the application for authorisation of lasalocid A sodium, CAS number 25999-20-6, for pheasants, guinea fowl, quails and partridges other than laying birds. The European Food Safety Authority (‘the Authority’) concluded in its opinion of 16 March 2011[(4)] that, under the proposed conditions of use, lasalocid A sodium, CAS number 25999-20-6, does not have an adverse effect on animal health, human health or the environment and that it is efficacious to control coccidiosis in the target species. It considers that there is a need for specific

requirements of a post-market monitoring program on the resistance to bacteria and *Eimeria* spp. It also verified the report on the method of analysis of the feed additive in feed submitted by the Community Reference Laboratory set up by Regulation (EC) No 1831/2003.

(6) The assessment of lasalocid A sodium, CAS number 25999-20-6, shows that the conditions for authorisation, as provided for in Article 5 of Regulation (EC) No 1831/2003, are satisfied. Accordingly, the use of this preparation should be authorised as specified in the Annex to this Regulation.

(7) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

HAS ADOPTED THIS REGULATION:

Textual Amendments

F1 Substituted by Commission Implementing Regulation (EU) No 1014/2013 of 22 October 2013 amending Regulations (EC) No 2380/2001, (EC) No 1289/2004, (EC) No 1455/2004, (EC) No 1800/2004, (EC) No 600/2005, (EU) No 874/2010, Implementing Regulations (EU) No 388/2011, (EU) No 532/2011 and (EU) No 900/2011 as regards the name of the holder of the authorisation of certain additives in animal feed (Text with EEA relevance).

Article 1

The preparation specified in the Annex, belonging to the additive category ‘coccdiostats and histomonostats’ is authorised as an additive in animal nutrition, subject to the conditions laid down in that Annex.

Article 2

This Regulation shall enter into force on the 20th day following its publication in the *Official Journal of the European Union.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

***Changes to legislation:** There are currently no known outstanding effects for the Commission Implementing Regulation (EU) No 900/2011. (See end of Document for details)*
