Commission Regulation (EU) No 1153/2010 of 8 December 2010 amending Regulation (EU) No 175/2010 by prolonging the period of application of measures to control increased mortality in Pacific oysters (Crassostrea gigas) (Text with EEA relevance)

COMMISSION REGULATION (EU) No 1153/2010

of 8 December 2010

amending Regulation (EU) No 175/2010 by prolonging the period of application of measures to control increased mortality in Pacific oysters (*Crassostrea gigas*)

(Text with EEA relevance)

THE EUROPEAN COMMISSION

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 2006/88/EC of 24 October 2006 on animal health requirements for aquaculture animals and products thereof, and on the prevention and control of certain diseases in aquatic animals[(1)], and in particular Articles 41(3) and 61(3) thereof,

Whereas:

(1) Commission Regulation (EU) No 175/2010 of 2 March 2010 implementing Council Directive 2006/88/EC as regards measures to control increased mortality in oysters of the species *Crassostrea gigas* in connection with the detection of Ostreid herpesvirus-1 µvar (OsHV-1 µvar)[(2)] was adopted to contain the spread of a disease potentially caused by a viral infection in Pacific oysters (*Crassostrea gigas*) in France, Ireland and the Channel Islands.

(2) As it was unclear whether that virus really caused increased mortality in Pacific oysters (*Crassostrea gigas*), those measures were adopted on a temporary basis until 31 December 2010.

(3) Increased mortality in Pacific oysters (*Crassostrea gigas*) in connection with the detection of OsHV-1 µvar has continued to occur in 2010.

(4) Reports on experience gained by the Member States with programmes for the early detection of OsHV-1 µvar, as well as an opinion of the European Food Safety Authority on the causes will only become available in autumn 2010 and they will need to be evaluated before the measures adopted pursuant to Regulation (EU) No 175/2010 can be reconsidered.

(5) Consequently, the period of application of Regulation (EU) No 175/2010 should be extended until 30 April 2011. That Regulation should therefore be amended accordingly.

(6) The measures provided for in this Regulation are in accordance with the opinion of the Standing Committee on the Food Chain and Animal Health,

Changes to legislation: *There are currently no known outstanding effects for the Commission Regulation (EU) No 1153/2010. (See end of Document for details)*

HAS ADOPTED THIS REGULATION:

Article 1

In the second paragraph of Article 8 of Regulation (EU) No 175/2010, the date '31 December 2010' is replaced by '30 April 2011'.

Article 2

This Regulation shall enter into force on the third day following that of its publication in the *Official journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 8 December 2010.

For the Commission

The President

José Manuel BARROSO
