Commission Regulation (EU) No 1022/2010 of 12 November 2010 authorising an increase of the limits for the enrichment of wine produced using the grapes harvested in 2010 in certain wine-growing zones

COMMISSION REGULATION (EU) No 1022/2010

of 12 November 2010

authorising an increase of the limits for the enrichment of wine produced using the grapes harvested in 2010 in certain wine-growing zones

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 1234/2007 of 22 October 2007 establishing a common organisation of agricultural markets and on specific provisions for certain agricultural products (Single CMO Regulation)[(1)], and in particular the third paragraph of Article 121 thereof,

Whereas:

(1) Point A.3 of Annex XVa to Regulation (EC) No 1234/2007 provides that Member States may request that the limits for increasing the alcoholic strength (enrichment) of wine by volume be raised by up to 0,5 % in years when climatic conditions have been exceptionally unfavourable.

(2) Belgium, the Czech Republic, Denmark, Germany, Hungary, the Netherlands, Austria, Poland, Slovenia, Slovakia and the United Kingdom have requested such increases of the limits for enrichment of the wine produced using the grapes harvested in the year 2010, as climatic conditions during the growing season have been exceptionally unfavourable in certain geographical regions.

(3) Due to the exceptionally adverse weather conditions during 2010, the limits on increases in the natural alcoholic strength provided for in point A.2 of Annex XVa to Regulation (EC) No 1234/2007 do not enable the production of wine with an appropriate total alcoholic strength in certain wine-growing regions for which there would normally be market demand.

(4) It is therefore appropriate to authorise an increase of the limits for the enrichment of wine produced using the grapes harvested in 2010 in certain wine-growing regions.

(5) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for the Common Organisation of Agricultural Markets,

HAS ADOPTED THIS REGULATION:

Article 1

In the geographical regions listed in the Annex to this Regulation, by derogation from point A.2 of Annex XVa to Regulation (EC) No 1234/2007, the increase in natural

alcoholic strength by volume of fresh grapes harvested in the year 2010, grape must, grape must in fermentation, new wine still in fermentation and wine produced using the grapes harvested in the year 2010, shall not exceed the following limits:

(a) 3,5 % vol. in wine-growing zone A referred to in the appendix to Annex XIb to Regulation (EC) No 1234/2007;

(b) 2,5 % vol. in wine-growing zone B referred to in the appendix to Annex XIb to Regulation (EC) No 1234/2007;

(c) 2,0 % vol. in wine-growing zone C I referred to in the appendix to Annex XIb to Regulation (EC) No 1234/2007.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 12 November 2010.

For the Commission

The President

José Manuel BARROSO
