Commission Regulation (EU) No 481/2010 of 1 June 2010 implementing Regulation (EC) No 1177/2003 of the European Parliament and of the Council concerning Community statistics on income and living conditions (EU-SILC) as regards the 2011 list of target secondary variables on intergenerational transmission of disadvantages (Text with EEA relevance)

COMMISSION REGULATION (EU) No 481/2010

of 1 June 2010

implementing Regulation (EC) No 1177/2003 of the European Parliament and of the Council concerning Community statistics on income and living conditions (EU-SILC) as regards the 2011 list of target secondary variables on intergenerational transmission of disadvantages

(Text with EEA relevance)

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Regulation (EC) No 1177/2003 of the European Parliament and of the Council of 16 June 2003 concerning Community statistics on income and living conditions (EU-SILC)[(1)], and in particular Article 15(2)(f) thereof,

Whereas:

(1) Regulation (EC) No 1177/2003 established a common framework for the systematic production of Community statistics on income and living conditions, encompassing comparable and timely cross-sectional and longitudinal data on income and on the level and composition of poverty and social exclusion at national and European Union levels.

(2) Pursuant to Article 15(2)(f) of Regulation (EC) No 1177/2003, implementing measures are necessary in respect of the list of target secondary areas and variables that is to be included every year in the cross-sectional component of EU-SILC. The list of target secondary variables to be incorporated in the module on intergenerational transmission of disadvantages should be laid down for the year 2011. It should also include the variables' codes and definitions.

(3) The measures provided for in this Regulation are in accordance with the opinion of the European Statistical System Committee,

HAS ADOPTED THIS REGULATION:

Article 1

The list of target secondary variables, the variables' codes and the definitions for the 2011 Module on intergenerational transmission of disadvantages to be included in the cross-sectional component of Community statistics on income and living conditions (EU-SILC) shall be as laid down in the Annex.

Changes to legislation: Commission Regulation (EU) No 481/2010 is up to date with all changes known to be in force on or before 25 December 2020. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. (See end of Document for details) View outstanding changes

Article 2

This Regulation shall enter into force on the 20th day following that of its publication in the *Official Journal of the European Union*.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 1 June 2010.

For the Commission

The President

José Manuel BARROSO

***Changes to legislation:** Commission Regulation (EU) No 481/2010 is up to date with all changes known to be in force on or before 25 December 2020. There are changes that may be brought into force at a future date. Changes that have been made appear in the content and are referenced with annotations. ANNEX

For the purposes of this Regulation, the following unit, mode of data collection, reference period and definitions shall apply:

1. **Unit**

Information shall be provided for all current household members or, if applicable, for all selected respondents aged over 24 years and less than 60 years.

2. **Mode of data collection**

Given the type of information to be collected, only personal interviews or information extracted from registers are allowed. Proxy interviews are allowed as an exception for persons temporarily absent or incapacitated.

3. **Reference period**

The reference period shall be when the interviewee was around 14 years old.

4. **Definitions**

(1) Father : the person the interviewee considered to be his/her father when he/she was around 14 years old. In general the father will be the biological father, but if the interviewee considers someone else to be the father during the reference period, the answers should refer to him, even if the biological father is alive and known.

(2) Mother : the person the interviewee considered to be his/her mother when he/she was around 14 years old. In general the mother will be the biological mother, but if the interviewee considers someone else to be the mother during the reference period, the answers should refer to her, even if the biological mother is alive and known.

(3) Household : refers to the household in which the respondent was living when he/she was around 14 years old. If the parents of the respondent were divorced and shared custody (50 % of the time for each parent), the respondent should select his/her household either on an objective basis, taking into account his/her main address when he/she was around 14 years old (i.e. the one in the population register and/or in his/her identity card/passport), or on a subjective basis according to where he/she felt more at home when he/she was around 14 years old. For detailed guidelines please refer to the 'Description of target variables: Cross-sectional and Longitudinal' (EU-SILC 065 – 2010 operation) — Units.

AREAS AND LIST OF TARGET VARIABLES

	Module 2011	Intergenerational transmission of disadvantages
Variable name	**Code**	**Target variable**
Basic data		
RB030		***Personal id***
	Id number	Personal identification number (PID)
