SCHEDULE Regulation 2

Amendments to the Electricity Supply Regulations (Northern Ireland) 1991

AMENDMENT TO PART I

1. In regulation 3 (interpretation) for the definition of "Institution of Electrical Engineers Regulations" there shall be substituted the following definition—

" "Institution of Electrical Engineers Regulations" means the latest edition of the Regulations for Electrical Installations published by the Institution of Electrical Engineers, as amended from time to time;".

AMENDMENTS TO PART VI

2. In regulation 31 (declaration of phases, frequency and voltage at supply terminals)—

(*a*) in paragraph (2) there shall be added after sub-paragraph (*b*) the words ", or the variation which may have been authorised by the Department under paragraph (5).";

(*b*) in paragraph (4) after "agreement of the consumer" there shall be added the words "or, in the absence of such agreement, the consent of the Department which may impose such conditions, if any, as it thinks appropriate";

(*c*) at the end there shall be added the following paragraphs—

"(5) The Department may, on application by a supplier, authorise him to alter any of the declared values or any permitted variations if he gives such notice of his application as the Department may require.

(6) The supplier shall forthwith give notice in writing of any authorisation under paragraph (5) to every consumer to whose supply it may apply.".

AMENDMENT TO PART VII

3. After regulation 35 there shall be added—

"*Notification of specified events*

35A.—(1) Every supplier shall give to the Department notice in accordance with paragraph (3) in respect of any event specified in paragraph (2) whether or not that event was caused accidentally.

(2) The events referred to in paragraph (1) are—

(*a*) any event attributable in whole or in part to the generating, transforming, control or carrying of energy up to and including the supply terminals which has given rise to—

(i) the death of any person other than a person engaged by the supplier for the purposes of his business;

(ii) an injury (including any electric shock) to any person other than a person engaged by the supplier for the purposes of his business;

(iii) any fire; or

(iv) any explosion or implosion;

(*b*) any event attributable in whole or in part to the presence of energy on the consumer's side of the supply terminals on any non-industrial and non-commercial premises resulting in the death of any person;

(*c*) any event, whether or not accompanied by an event specified in sub-paragraph (*a*) which has caused an overhead line to be at a height less than that required by regulation 13(2);

(*d*) the occurrence of any damage to any underground electric line of the supplier resulting from an event not specified in sub-paragraphs (*a*) and (*b*); and

(*e*) any event other than those listed in sub-paragraphs (*a*), (*c*) and (*d*) which, taking into account the circumstances of that event, was likely to cause any of the events listed in sub-paragraph (*a*).

(3) The notice shall be in writing and—

(*a*) in respect of the events specified in paragraph (2)(*a*) and (*b*)—

(i) shall be sent to the Department by the quickest practicable means after the event becomes known to the supplier; and

(ii) shall contain the particulars specified in Parts I and II respectively of Schedule 5;

(*b*) in respect of the events notifiable by reference to paragraphs (2)(*c*) and (*e*)—

(i) shall be sent to the Department by means of a return to be submitted within 15 days of the end of the month in which the event became known to the supplier; and

(ii) in respect of an event referred to in paragraph (2)(*c*) shall contain the particulars specified in Part III of Schedule 5; and

(iii) in respect of an event referred to in paragraph (2)(*e*) shall contain the particulars specified in whichever of Parts I, II and III of Schedule 5 is most appropriate to the circumstances;

(*c*) in respect of the events notifiable by reference to paragraph (2)(*d*)—

(i) shall be sent to the Department by means of a return to be submitted within one month of the period of 3 months ending on 31st March, 30th June, 30th September or 31st December as the case may be, in which the event became known to the supplier; and

(ii) shall contain the particulars specified in Part IV of Schedule 5; and

(*d*) shall, in every case, indicate by a unique and sequential reference number in respect of each year ending on 31st March, the number of that report.

(4) Notices in respect of any event specified in paragraph (2)(*a*), (*b*), (*c*) or (*e*) shall be sent to the Department notwithstanding that the supplier is unable to give the full particulars required by Parts I, II or III of Schedule 5 and any particulars omitted shall be sent by the supplier in a supplementary notice to the Department by the earliest practicable means after they become known to the supplier.

(5) Without prejudice to paragraph (3), the supplier shall give notice to the Department by telephone, telex or other immediate means of communication of any death reportable under paragraph (2)(*a*)(i) or any injury reportable under paragraph (2)(*a*)(ii), which results in the person injured being admitted into hospital as an in-patient, immediately the event becomes known to the supplier.

Maps of supplier's works underground

35B.—(1) This regulation applies in respect of supplier's works placed below ground other than works placed in land under the control of the supplier.

(2) Subject to paragraph (5), every supplier shall cause to be made and, so far as is reasonably practicable, kept up to date, a map or series of maps indicating the position and depth below surface level of all his works.

(3) The supplier shall make a copy of the whole or the relevant part of any map prepared for the purpose of paragraph (2) available for inspection by—

(*a*) the Department;

(*b*) the Department of the Environment; and

(*c*) any other person who can show reasonable cause for requiring to inspect any part of the map,

and shall, on request, provide a copy of such map or part of the map free of charge.

(4) Any map prepared for the purposes of paragraph (2) may be prepared and retained by electronic means provided that that means has the capability of reproducing such map in printed form.

(5) Nothing in this regulation shall require the inclusion on a map prepared for the purposes of paragraph (2) of information relating to the position and depth below surface level of supplier's works which were placed below ground before the coming into operation of this regulation where it would not be reasonably practicable to obtain such information.

(6) In this regulation "supplier" means a person authorised by a licence or exemption to supply electricity; and "supplier's works" shall be construed accordingly.

Exemption from requirements of regulations

35C.—(1) Where a request is made to the Department to grant an exemption from a requirement of these Regulations, that request shall be made in writing and shall state the full extent of the reasons for the exemption sought.

(2) Where the Department is satisfied that an exemption may be granted without prejudice to safety or interference with the supply to others, the Department may grant such an exemption as it thinks appropriate.".

AMENDMENTS TO SCHEDULES

4. In Schedule 1 (Design, colours and proportions of the safety sign) in paragraph 2 for the words "on a yellow background" there shall be substituted the words "with the entire background of the sign in yellow".

5. After Schedule 4 (Notice of supply failure) there shall be added—

"SCHEDULE 5 Regulation 35A(3)
