HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EC) No 1745/2003 (ECB/2003/9) is amended as follows:

1. Article 2(2) and (3) are replaced by the following:

2. Without being obliged to submit any request, an institution shall be exempted from reserve requirements from the start of the maintenance period in which its authorisation is withdrawn or renounced, or in which a decision to submit the institution to winding-up proceedings is taken by a judicial authority or any other competent authority of a participating Member State.

The ECB may exempt the following institutions from reserve requirements on a non-discriminatory basis:

a institutions subject to reorganisation measures;

b institutions subject to the freezing of funds and/or other measures imposed by the Community or a Member State under Article 60(2) of the Treaty restricting the use of their funds or a decision of the ECB's Governing Council suspending or excluding their access to open market operations or the Eurosystem's standing facilities;

c institutions for which the purpose of the ECB's minimum reserve system would not be met by imposing reserve requirements upon them. In reaching a decision on any such exemption, the ECB shall take into account one or more of the following criteria:

(i) the institution is authorised to pursue special-purpose functions only;

(ii) the institution is prohibited from exercising active banking functions in competition with other credit institutions;

(iii) the institution is under a legal obligation to have all its deposits earmarked for purposes relating to regional and/or international development assistance.

3 The ECB shall publish a list of institutions subject to reserve requirements. The ECB shall also publish a list of institutions exempt from its reserve requirements for reasons other than being subject to:

a reorganisation measures;

Institutions may rely on these lists when deciding whether their liabilities are owed to another institution that is itself subject to reserve requirements. These lists shall not be determinative of whether institutions are subject to reserve requirements in accordance with Article 2.

2. Article 3(2) is replaced by the following:

2. The following liabilities shall be excluded from the reserve base:

a liabilities which are owed to any other institution not listed as being exempt from the ECB's minimum reserve system according to Article 2(3);

b liabilities which are owed to the ECB or to a participating NCB.

In applying this provision, the institution shall provide evidence to the relevant participating NCB of the actual amount of its liabilities owed to any other institution not listed as being exempt from the ECB's minimum reserve system and of its liabilities which are owed to the ECB or to a participating NCB in order to exclude them from the reserve base. If such evidence cannot be presented for debt securities issued with an original maturity of up to and including two years, the institution may apply a standard deduction to the outstanding amount of its debt securities issued with an original maturity of up to and including two years from the reserve base. The amount of such standard deduction shall be published by the ECB in the same manner as the publication of the list referred to in Article 2(3).

3. Article 4(1) is replaced by the following:

1. A reserve ratio of 0 % shall apply to the following liability categories (as defined within the ECB's reporting framework for money and banking statistics in Regulation (EC) No 2423/2001 (ECB/2001/13)):
