Commission Regulation (EC) No 306/2007 of 21 March 2007 amending Regulation (EC) No 1539/2006 adopting a plan allocating resources to the Member States to be charged against 2007 budget year for the supply of food from intervention stocks for the benefit of the most deprived persons in the Community

COMMISSION REGULATION (EC) No 306/2007

of 21 March 2007

amending Regulation (EC) No 1539/2006 adopting a plan allocating resources to the Member States to be charged against 2007 budget year for the supply of food from intervention stocks for the benefit of the most deprived persons in the Community

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 3730/87 of 10 December 1987 laying down the general rules for the supply of food from intervention stocks to designated organisations for distribution to the most deprived persons in the Community[(1)], and in particular Article 6 thereof,

Whereas:

(1) In accordance with Article 2 of Commission Regulation (EEC) No 3149/92 of 29 October 1992 laying down detailed rules for the supply of food from intervention stocks for the benefit of the most deprived persons in the Community[(2)], the Commission adopted, by Commission Regulation (EC) No 1539/2006[(3)], a plan allocating resources to the Member States to be charged against the 2007 budget year for the supply of food from intervention stocks for the benefit of the most deprived persons in the Community. The plan lays down in particular, for each of the Member States applying the measure, the maximum financial resources available to carry out its part of the plan, and the quantity of each type of product to be withdrawn from the stocks held by the intervention agencies.

(2) The plan should be adapted to allow Romania to be part of this Community action in 2007. For Romania, the adaptation should concern, on the one hand, the allocation of financial resources and the share of the products to be withdrawn from the intervention stocks and, on the other, the authorisation, on the conditions set out in Article 7 of Regulation (EEC) No 3149/92, of intra-Community transfers so that the modified plan can be implemented.

(3) Regulation (EC) No 1539/2006 should therefore be amended accordingly.

(4) This Regulation should apply from 1 January 2007, the date on which Romania and Bulgaria became Members of the European Union.

(5) The measures provided for in this Regulation are in accordance with the opinions of all the relevant Management Committees,
