Commission Regulation (EC) No 303/2006 of 20 February 2006 on the issue of system B export licences in the fruit and vegetables sector (lemons and apples)

COMMISSION REGULATION (EC) No 303/2006

of 20 February 2006

on the issue of system B export licences in the fruit and vegetables sector (lemons and apples)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 2200/96 of 28 October 1996 on the common organisation of the market in fruit and vegetables[(1)],

Having regard to Commission Regulation (EC) No 1961/2001 of 8 October 2001 on detailed rules for implementing Council Regulation (EC) No 2200/96 as regards export refunds on fruit and vegetables[(2)], and in particular Article 6(6) thereof,

Whereas:

(1) Commission Regulation (EC) No 2044/2005[(3)] fixes the indicative quantities for which system B export licences may be issued.

(2) In the light of the information available to the Commission today, there is a risk that the indicative quantities laid down for the current export period for lemons and apples will shortly be exceeded. This overrun will prejudice the proper working of the export refund scheme in the fruit and vegetables sector.

(3) To avoid this situation, applications for system B licences for lemons and apples after 21 February 2006 should be rejected until the end of the current export period,

HAS ADOPTED THIS REGULATION:

Article 1

Applications for system B export licences for lemons and apples submitted pursuant to Article 1 of Regulation (EC) No 2044/2005, export declarations for which are accepted after 21 February and before 17 March 2006, are hereby rejected.

Article 2

This Regulation shall enter into force on 21 February 2006.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Changes to legislation: There are currently no known outstanding effects for the Commission Regulation (EC) No 303/2006. (See end of Document for details)
