Fees — basic scale for examinations of vehicles or parts of vehicles

3.—(1) In this regulation any reference to a numbered column is a reference to the column bearing that number in Schedule 1.

(2) Subject to the subsequent provisions of these regulations, the fee for an examination in relation to an approval requirement in column 2 is the amount specified in relation to that requirement in column 4.

(3) Where, in relation to an approval requirement in column 2, more than one type of examination or more than one type of vehicle or vehicle part is specified in column 3, the fee is the amount specified in column 4 opposite the examination, vehicle or vehicle part in question.

(4) The fees specified—

(*a*) in column 4(*a*) are prescribed in a case where the examination is to be carried out on approved premises by an officer of the Department or a person appointed by the Department to act on its behalf;

(*b*) in column 4(*b*) are prescribed in a case where the examination is to be carried out at other premises under the supervision of an officer of the Department or a person appointed by the Department to act on its behalf.

Fees — consecutive examinations

4. Where more than one vehicle or vehicle part of the same type but embodying minor variations are submitted by an applicant with a view to carrying out the examinations consecutively on each item and the case is one where all the examinations can be carried out without setting up the examination apparatus again, the fee to be paid for the carrying out of each examination after the first one is such proportion of the fee prescribed in regulation 3 as is commensurate with the work involved in carrying out such examination.

Fees — partial examinations

5.—(1) Where there has been issued as regards a vehicle or vehicle part—

(*a*) a type approval certificate, or an authorisation, in relation to a Community Instrument; or

(*b*) a type approval certificate, or a Department's approval certificate, in relation to the Northern Ireland type approval scheme,

and in consequence of an alteration in the design specification of the vehicle or vehicle part, either—

(**a**) O.J. L42 23.2.70 p. 1

(A) a further examination of the vehicle or vehicle part is needed with a view to the issue of a modified or further certificate, but the alteration is not so extensive as to require that the further examination shall be as complete and exhaustive as the original examination, or

(B) an applicant requires a modification of a certificate, but the alteration is not so extensive as to require a further examination of the vehicle or vehicle part and can be carried out on an examination of data supplied by the applicant,

the fee for such an examination is such proportion of the fee prescribed in regulation 3 as is commensurate with the work involved in carrying out such examination.

(2) Where, in the case of an examination mentioned in regulation 3 or 4 or in paragraph (1)—

(*a*) it has been found impossible to complete the examination satisfactorily; or

(*b*) the vehicle or vehicle part submitted for the examination does not satisfy completely the requirements of the examination,

6.—(1) The fee for the final examination of a vehicle to which the Northern Ireland Regulations apply with a view to the issue in respect of that vehicle of a certificate specified in column 2 of Schedule 2 where, before the examination takes place, type approval procedures have been carried out (whether in Northern Ireland or elsewhere) which have determined that in respect of that vehicle all the approval requirements which—

(*a*) are referred to in Schedule 1 to those regulations; and

(*b*) relate to particular parts or aspects of a vehicle; and

(*c*) are applicable to the vehicle,

have been satisfied, is the amount specified in relation thereto in column 3 of Schedule 2.

(*a*) it has been found impossible to complete that examination satisfactorily; or

(*b*) the vehicle has been found not to comply in all respects with the relevant approval requirements; or

(*c*) the vehicle is one which has been assembled in more than one stage by more than one manufacturer; or

(*d*) a type approval certificate or Department's approval certificate has previously been issued in respect of the model of the vehicle but the vehicle incorporates certain changes in detail not covered by that certificate,

and, in consequence, a further, but partial, examination of the vehicle is required before the relevant document can properly be issued in respect of it, the fee for that

partial examination shall be such proportion of the relevant sum specified in Schedule 2 as is commensurate with the work involved in carrying out such partial examination.

Fees — avoidance of duplication

7. Where the examination of a vehicle or vehicle part for the purposes of a Community Instrument is carried out at the same time as the examination of that vehicle or vehicle part for the purposes of the Northern Ireland type approval scheme, then, in so far as one and the same operation or series of operations serves for both examinations, the fee payable shall be the fee for only one examination.

Fees — issue of documents

8.—(1) The fee for the issue of a document of a type specified in column 2 of Schedule 3 (being a document relating to a vehicle part) is the amount specified in relation thereto in column 3 of Schedule 3.

(*a*) the travelling and subsistence expenses reasonably incurred or expected to be incurred otherwise than on land in the United Kingdom by each person so acting in relation to the examination (including expenses outstanding after the cancellation of any travelling or subsistence arrangements which result from the withdrawal of the application); and

(*b*) the whole, or such proportion as is reasonably attributable to the examination, of a sum of £27 for each hour spent or expected to be spent by each person so acting whilst travelling otherwise than on land in the United Kingdom wholly or partly in relation to the examination.

(2) If payments are made in accordance with paragraph (1) in respect of travelling and subsistence expenses expected to be incurred or in respect of time expected to be spent in travelling, there shall be refunded to the applicant, in the event of the examination being concluded in a less number of days than was anticipated, any balance remaining of the payment in respect of the travelling and subsistence expenses which was expected to be incurred.

Fees — when payable

10.—(1) The fee for an examination of a vehicle or vehicle part in connection with the issue of a type approval certificate or authorisation for the purpose of a Community Instrument shall be paid when the application is made for the issue of the type approval certificate or authorisation for the vehicle or vehicle part in question.

(2) The fee for an examination of a vehicle or vehicle part in connection with the issue of a type approval certificate or a Department's approval certificate for the purposes of the Northern Ireland type approval scheme shall be paid when the applicant is notified by the Department in accordance with the provisions of the Northern Ireland Regulations, of the fee payable.
