Commission Regulation (EC) No 1813/2004 of 19 October 2004 amending Regulation (EC) No 1433/2003 laying down detailed rules for the application of Council Regulation (EC) No 2200/96 as regards operational funds, operational programmes and financial assistance

COMMISSION REGULATION (EC) No 1813/2004

of 19 October 2004

amending Regulation (EC) No 1433/2003 laying down detailed rules for the application of Council Regulation (EC) No 2200/96 as regards operational funds, operational programmes and financial assistance

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 2200/96 of 28 October 1996 on the common organisation of the market in fruit and vegetables[(1)], and in particular Article 48 thereof,

Whereas:

(1) Under Article 17 of Commission Regulation (EC) No 1433/2003[(2)], once the operational programmes submitted by producer organisations have been approved Member States are to establish the approved amount of aid not later than 15 December of the year preceding implementation of the programme. In order to improve overall budget management, the Member States must inform the Commission of the total amount of aid approved for all operational programmes.

(2) Under Article 26 of Regulation (EC) No 1433/2003, data on producer organisations, operational funds and operational programmes must be the subject of reports from the Member States to be communicated to the Commission by 1 June each year in accordance with Annex III to that Regulation. Figures relating to the final aid payments actually made are to be submitted on 15 November at the latest. Experience in recent years has shown that the two deadlines are an unnecessary administrative complication. The process should be simplified by requiring Member States to send reports including definitive information on final aid payments each year by 15 November at the latest.

(3) Annex I to Regulation (EC) No 1433/2003 gives a complete list of operations and expenditure which may be covered by operational programmes. This expenditure includes, in point 2 of that Annex, the specific costs of quality improvement measures, including the purchase of certified seed. Experience has shown that the term ‘certified seed’ must be clarified by explicit reference to Council Directive 2002/55/EC of 13 June 2002 on the marketing of vegetable seed[(3)], which corresponds to the objective of improving and supporting the quality mentioned in the above Regulation.

(4) Regulation (EC) No 1433/2003 should therefore be amended accordingly.

(5) The Management Committee for fresh Fruit and Vegetables has not delivered an opinion within the time limit set by its chairman,

Changes to legislation: *There are currently no known outstanding effects for the Commission Regulation (EC) No 1813/2004. (See end of Document for details)*
