1977 No. 149

BUILDING REGULATIONS

Building Regulations (Northern Ireland) 1977

Made . . . . . *27th May* 1977

Coming into operation . . . *1st October* 1977

ARRANGEMENT OF REGULATIONS

PART A

INTERPRETATION AND GENERAL

Regulation		*Page*
A 1	Title and commencement	11
A 2	Interpretation	11
A 3	Deemed-to-satisfy provisions	15
A 4	Transitional provisions	15
A 5	Exemptions	15
A 6	Application to erection of buildings	16
A 7	Application to alterations and extensions	16
A 8	Application to works and fittings	17
A 9	Application to material change of use	17
A10	Giving of notices and deposit of plans	20
A11	Notice of commencement and completion of certain stages of work	21
A12	Testing of drains and private sewers	22
A13	Sampling of materials	22
A14	Exercise of power of dispensation or relaxation	22
A15	Application for dispensation or relaxation	23
A16	Appeals and prescribed periods	23
A17	Revocations	23

PART B

MATERIALS

B 1	Fitness of materials	24
B 2	*Deemed-to-satisfy provisions regarding the fitness of materials*	24
B 3	Unsuitable materials	24

BUILDINGS

PART C

PREPARATION OF SITE AND RESISTANCE TO MOISTURE

Regulation		*Page*
C 1	Interpretation of Part C	27
C 2	Preparation of site	27
C 3	Protection of floors next to the ground	27
C 4	*Deemed-to-satisfy provisions for suspended timber floors* ...	27
C 5	*Deemed-to-satisfy provisions for floors of solid construction incorporating timber*	28
C 6	Protection of walls against moisture	28
C 7	*Deemed-to-satisfy provisions for protection of walls against moisture*	29
C 8	Weather resistance of external walls	29
C 9	Prevention of damp in certain cavity walls	29
C10	Weather resistance of roofs	30

PART D

STRUCTURAL STABILITY

D 1	Interpretation of Part D	30
D 2	Calculation of loading	30
D 3	Foundations	31
D 4	*Deemed-to-satisfy provision for foundations*	31
D 5	*Deemed-to-satisfy provisions for reinforced concrete foundations*	31
D 6	*Deemed-to-satisfy provision for foundations of buildings having not more than four storeys (other than factories or storage buildings)*	32
D 7	*Deemed-to-satisfy provisions for strip foundations* ...	32
D 8	Structure above foundations	34
D 9	*Deemed-to-satisfy provision for structural work of steel*	34
D10	*Deemed-to-satisfy provision for structural work of aluminium*	34
D11	*Deemed-to-satisfy provisions for structural work of reinforced, prestressed or plain concrete*	34
D12	*Deemed-to-satisfy provisions for structural work of timber*	34
D13	*Deemed-to-satisfy provisions for structural work of bricks, blocks or plain concrete*	35
D14	*Deemed-to-satisfy provision for walls of stone, flints or clunches of bricks*	35
D15	*Deemed-to-satisfy provision for chimneys of bricks, blocks or plain concrete*	35
D16	*Deemed-to-satisfy provision for composite construction in structural steel and concrete*	35
D17	Further requirements for the structure of certain buildings ...	35
D18	*Deemed-to-satisfy provision for localisation of structural failure*	37
D19	*Deemed-to-satisfy provisions for the structure of certain buildings constructed of reinforced, prestressed or plain concrete*	37
D20	Use of high alumina cement for structural work	37

PART E

Structural Fire Precautions

Regulation		*Page*
E 1	Interpretation of Part E	37
E 2	Designation of purpose groups	41
E 3	Rules for measurement	43
E 4	Provision of compartment walls and compartment floors	44
E 5	Fire resistance of elements of structure	45
E 6	Fire resistance of floors in conjunction with suspended ceilings	50
E 7	External walls	51
E 8	Separating walls	53
E 9	Compartment walls and compartment floors	54
E10	Protected shafts	56
E11	Fire-resisting doors	58
E12	Penetration of elements of structure by pipes	59
E13	Stairways	61
E14	Fire-stopping	62
E15	Restriction of spread of flame over surfaces of walls and ceilings	62
E16	Exceptions permitting ceilings to consist of plastics materials	65
E17	Roofs	66
E18	Small garages	67
E19	Small open carports	68
E20	Purpose group of small garages and open carports	69

PART EE

Means of Escape in Case of Fire

EE1	Application of Part EE	69
EE2	Interpretation of Part EE	69
EE3	Provision of means of escape	69
EE4	*Deemed-to-satisfy provisions for the provision of means of escape*	70

PART F

Thermal Insulation

F 1	Application of Part F	70
F 2	Interpretation of Part F	70
F 3	Maximum U value of walls, floors, roofs and perimeter walling	71
F 4	*Deemed-to-satisfy provisions regarding thermal insulation*	72

PART G

Sound Insulation

Regulation		Page
G 1	Sound insulation of walls	72
G 2	*Deemed-to-satisfy provisions for sound insulation of walls*	73
G 3	Sound insulation of floors	74
G 4	*Deemed-to-satisfy provisions for the insulation of floors required to resist the transmission of airborne and impact sound*	74
G 5	*Deemed-to-satisfy provisions for the insulation of floors required to resist the transmission of airborne sound only*	75
G 6	*Measurement of sound transmission*	76

PART H

Stairways, Ramps, Balustrades and Vehicle Barriers

H 1	Interpretation of Part H	77
H 2	General requirements for stairways, ramps and stepped ramps	78
H 3	Further requirements for stairways	80
H 4	Further requirements for ramps	86
H 5	Further requirements for stepped ramps	89
H 6	Guarding of stairways, ramps, stepped ramps, landings, balconies and other places	89
H 7	Vehicle barriers	90

PART J

Refuse Disposal

J 1	Refuse storage container chambers constructed in buildings comprising more than one dwelling	90
J 2	Refuse chutes in buildings comprising more than one dwelling	91
J 3	Pipes or shafts ventilating refuse storage container chambers or refuse chutes	91
J 4	Hoppers for refuse storage container chambers or refuse chutes	92

PART K

Open Space, Ventilation and Height of Rooms

K 1	Open space outside windows of habitable rooms	92
K 2	Shared land on housing estates	94
K 3	Preservation of zones of open space	94
K 4	Means of ventilation	95
K 5	Ventilation openings on to courts	95
K 6	Ventilation of larders	96
K 7	Ventilation of common stairways	96
K 8	Height of habitable rooms	97

PART L

CHIMNEYS, FLUE PIPES, HEARTHS AND FIREPLACE RECESSES

Regulation		*Page*
L 1	Application and interpretation of Part L	97
L 2	General structural requirements	99
L 3	Fireplace recesses for Class I appliances	100
L 4	Constructional hearths for Class I appliances	100
L 5	Walls and partitions adjoining hearths for Class I appliances	101
L 6	Chimneys for Class I appliances	101
L 7	Flue pipes for Class I appliances	103
L 8	*Deemed-to-satisfy provisions regarding materials for the construction of flue pipes for Class I appliances*	103
L 9	*Deemed-to-satisfy provisions regarding placing and shielding of flue pipes for Class I appliances*	103
L10	Proximity of combustible material—Class I appliances ...	105
L11	Openings into flues for Class I appliances	105
L12	Flues communicating with more than one room or internal space—Class I appliances	105
L13	Outlets of flues for Class I appliances	106
L14	Chimneys for Class II appliances	106
L15	Flue pipes for Class II appliances	108
L16	*Deemed-to-satisfy provisions regarding materials for the construction of flue pipes for Class II appliances*	108
L17	*Deemed-to-satisfy provisions regarding placing and shielding of flue pipes for Class II appliances*	109
L18	Sizes of flues for Class II appliances	109
L19	Openings into flues for Class II appliances	110
L20	Flues communicating with more than one room or internal space—Class II appliances	111
L21	Outlets of flues for Class II appliances	111
L22	Insulated metal chimneys serving Class I or Class II appliances	112

WORKS AND FITTINGS

PART M

HEAT-PRODUCING APPLIANCES AND INCINERATORS

M 1	Interpretation of Part M	113
M 2	Prevention of emission of smoke—(Clean Air)	113
M 3	High-rating appliances	113
M 4	Class I appliances	114
M 5	Special provisions for certain Class I oil-burning appliances	115
M 6	Additional provisions and exception for Class I incinerators	116
M 7	*Deemed-to-satisfy provisions for the supply of combustion air to Class I appliances*	116
M 8	Class II appliances	117
M 9	Exceptions permitting discharge of Class II gas appliances otherwise than into a flue	118
M10	Exceptions permitting discharge from two or more Class II gas appliances into the same flue	121
M11	Additional provisions and exceptions for Class II incinerators	122
M12	*Deemed-to-satisfy provisions for the supply of combustion air to Class II appliances*	122
