COMMISSION REGULATION (EC) No 1306/2003
of 23 July 2003
opening public sales of wine alcohol for use as bioethanol in the European Community

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1493/1999 of 17 May 1999 on the common organisation of the market in wine [1], as last amended by Regulation (EC) No 806/2003 [2],

Having regard to Commission Regulation (EC) No 1623/2000 of 25 July 2000 laying down detailed rules for implementing Regulation (EC) No 1493/1999 on the common organisation of the market in wine with regard to market mechanisms [3], as last amended by Regulation (EC) No 1183/2003 [4], and in particular Article 92(1) and Article 93(6) thereof,

Whereas:

(1) Regulation (EC) No 1623/2000 lays down, *inter alia*, the detailed rules for disposing of stocks of alcohol obtained from distillation under Articles 27, 28 and 30 of Regulation (EC) No 1493/1999 and held by the intervention agencies.

(2) Public sales of wine alcohol for use in the fuel sector in the Community should be organised with a view to reducing Community stocks of wine alcohol and to some extent ensuring supplies to firms approved under Article 92(3) of Regulation (EC) No 1623/2000. Community stocks of wine alcohol held by the Member States come from distillation under Articles 35, 36 and 39 of Council Regulation (EEC) No 822/87 of 16 March 1987 on the common organisation of the market in wine [5], as last amended by Regulation (EC) No 1677/1999 [6], and under Articles 27, 28 and 30 of Regulation (EC) No 1493/1999.

(3) In accordance with Council Regulation (EC) No 2799/98 of 15 December 1998 establishing agrimonetary arrangements for the euro [7], the selling price and securities must be expressed, and payments made, in euro.

(4) Given that there are risks of fraud by substitution of alcohol, it would appear necessary to reinforce checks on the final destination of the alcohol, allowing the intervention agencies to call on the help of international control agencies and to check the alcohol sold by means of nuclear magnetic resonance analyses.

(5) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Wine,

HAS ADOPTED THIS REGULATION:
