COMMISSION REGULATION (EC) No 345/2003

of 24 February 2003

opening a preferential tariff quota for imports of raw cane sugar originating in the ACP States for supply to refineries during the period 1 March to 30 June 2003

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 1260/2001 of 19 June 2001 on the common organisation of the markets in the sugar sector [1], as amended by Commission Regulation (EC) No 680/2002 [2], and in particular Article 23(2) and Article 39(6) thereof,

Whereas:

(1) Article 39 of Regulation (EC) No 1260/2001 provides that, during the marketing years 2001/2002 to 2005/2006 and in order to ensure adequate supplies to Community refineries, a special reduced rate of duty is to be levied on imports of raw cane sugar originating in States with which the Community has concluded supply agreements on preferential terms. At present such agreements have been concluded by Council Decision 2001/870/EC [3] with the African, Caribbean and Pacific States (ACP States) that are parties to Protocol 3 on ACP sugar in Annex V to the ACP-EC Partnership Agreement and with the Republic of India.

(2) The quantities of special preferential sugar to be imported are calculated in accordance with the said Article 39 on the basis of an annual Community forecast supply balance. The balance shows the need at this stage to import raw sugar and to open tariff quotas for the 2002/2003 marketing year at the special reduced rate of duty provided for in the above agreements in order to meet the Community refineries' supply needs for part of that marketing year. Under Commission Regulation (EC) No 1096/2002 [4], quotas were opened for the period 1 July 2002 to 28 February 2003. Since the forecasts for raw cane sugar production are now available for the 2002/2003 marketing year, the necessary quota should be opened for the second part of that marketing year. In view of the presumed maximum refining needs fixed for each Member State and the shortfall predicted in the forecast supply balance, provision should be made to authorise imports for each refining Member State for the period 1 March to 30 June 2003.

(3) The agreements concluded by Decision 2001/870/EC provide that the refiners in question are to pay a minimum purchase price equal to the guaranteed price for raw sugar, less the adjustment aid fixed for the marketing year in question. That minimum price should therefore be fixed in the light of the factors applicable in the 2002/2003 marketing year.

(4) Commission Regulation (EC) No 2513/2001 of 20 December 2001 laying down detailed rules of application for the import of raw cane sugar for refining under preferential agreements on tariff quotas [5] must apply to the new quota.

(5) In order to avoid any interruption in supplies, for quantities to be imported under Regulation (EC) No 1096/2002 and not covered by licence applications submitted by 1 March 2003, the Member States concerned should be authorised to issue the corresponding licences after that date in the course of the 2002/2003 marketing year.

(6) The measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sugar,

HAS ADOPTED THIS REGULATION:

Article 1

The tariff quota shall bear the serial number 09.4097.

Article 2
