COUNCIL REGULATION (EC) No 880/2002

of 27 May 2002

amending Regulation (EC) No 1334/2000 setting up a Community regime for the control of exports of dual-use items and technology

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty establishing the European Community, and in particular Article 133 thereof,

Having regard to the proposal from the Commission,

Whereas:

(1) Under Regulation (EC) No 1334/2000 [1] dual-use items (including software and technology) must be subject to effective control when they are exported from the Community.

(2) Under Article 21 of Regulation (EC) No 1334/2000, an authorisation is required for intra-Community transfers of the dual-use items and technology listed in Annex IV to that Regulation. That Annex includes in particular items subject to control in the context of the Nuclear Suppliers Group (NSG) and the Wassenaar Arrangement.

(3) The political commitments made by the Member States in the context of the NSG or the Wassenaar Arrangement must be applied in strict compliance with the principles established by Community law, particularly the Treaty establishing the European Community and the Treaty establishing the European Atomic Energy Community. Both Treaties establish the principle of the free movement of goods within the Community, and dual-use items are subject to this principle.

(4) Annex IV to Regulation (EC) No 1334/2000 constitutes an exception to the principle of the free movement within the Community of dual-use items. This exception arises from the political commitments made by the Member States and the sensitivity of the items concerned.

(5) Since some of the items are less sensitive in terms of proliferation, control of their transfer within the Community under Regulation (EC) No 1334/2000 does not seem justified.

(6) Regulation (EC) No 1334/2000 should therefore be amended accordingly,

HAS ADOPTED THIS REGULATION:
