Sealed with the Official Seal of the Ministry of Home Affairs this 7th day of February, nineteen hundred and sixty-two, in the presence of

Assistant Secretary.

EXPLANATORY NOTE

(This Note is not part of the Regulations, but is intended to indicate their general purport.)

These Regulations provide as follows:—

(1) The partial exemption of fire engines from the requirements about overall length is extended to cover new types of fire escapes.

(2) Agricultural tractors need not have more than one rear view mirror.

(3) The device on Diesel engines which facilitates starting (but which produces smoke) is not to be used while the vehicle is moving.

(4) The minimum permitted overhang of motor cars and heavy motor cars is increased to take account of new trends in vehicle design.

(5) The Finance Act (N.I.) 1961, now provides that a tractor, the two front wheels of which are less than 18″ apart, is to be treated as a three-wheeled vehicle. This makes a previous amendment to the Principal Regulations unnecessary and it is now revoked.
