EXPLANATORY NOTE

(This note does not form part of the Scheme, but is intended to indicate its general purport.)

This Scheme provides a means for comparative testing of the stock of Accredited Poultry Farms and other poultry breeders. Part I is divided into two tests. Section I test (*a*) is a cockerel test in which the pure bred daughters of the cockerels are tested in order to ascertain the merits of the sire. Section I test (*b*) is a test of pure bred pullets hatched from a random sample of eggs laid by the entrant's stock of that breed. Section II is concerned with the testing of commercial stock hatched from a random sample of eggs laid by the entrant's pure or repeatable cross bred birds.

This testing will be carried out at the Poultry Testing Station at Gosford, Markethill.
