Unless prior approval to do so is obtained, it shall not be permissible to obtain from another farm more eggs than are necessary to provide the cockerels needed. The pullets from such a hatch shall not be retained unless they are of a breed approved for the farm for breeding.

EIGHTH SCHEDULE

Conditions upon which day-old chicks may be sold for table purposes

The owner of an accredited farm may be permitted to sell only day-old as hatched chicks for table purposes after 31st May, 1960, provided that:—

(*a*) the incubator capacity is of at least 1,500 egg size and at least 200 hens were mated for the production of pure-bred chicks at the beginning of the season;

(*b*) only eggs produced on the owner's farm from 2nd year (or older) hens which formed the previous year's accredited pens are hatched;

(*c*) all chicks are disposed of as day-olds and as hatched;

(*d*) suitable facilities shall be available for ensuring cleanliness and the avoidance of the spread of disease together with sufficient space to allow pure-bred and first cross chicks to be boxed, and the boxes placed ready for despatch; normally this will entail the provision of a separate incubator room, despatch room and a wash room fitted with a supply of hot and cold water;

(*e*) two white or predominantly white breeds shall not be mated together, with the exception that White Leghorn males may be mated with Light Sussex females, and Light Sussex males may be mated with White Leghorn females;

(*f*) a Light Sussex male shall not be used for crossing with hens of any breed other than White Leghorn.

EXPLANATORY NOTE

(This note is not part of the Scheme, but is intended to indicate its general purport.)

This Scheme, made by the Ministry of Agriculture with the approval of the Ministry of Finance, is an annual Scheme designed to aid, improve and develop the breeding of poultry. It repeats most of the provisions of the 1958 Scheme with a few minor technical alterations.
