REGISTRATION OF DEEDS

Nature of Paper for certain Documents

REGULATIONS, DATED 9TH DECEMBER, 1957, MADE BY THE MINISTRY OF FINANCE UNDER SECTION 3 OF THE REGISTRATION OF DEEDS (AMENDMENT) ACT (NORTHERN IRELAND), 1957.

1957. No. 244 [C]

In pursuance of Section 3 of the Registration of Deeds (Amendment) Act (Northern Ireland), 1957(a) the Ministry of Finance hereby makes the following Regulations:—

1.—(1) The paper to be used for Memorials shall conform with the following specifications:—

Type and Quality: All rag, loft-dried, animal tub-sized cream wove writing paper of durable quality and of a minimum substance of 119½ lbs. per 1,000 Imperial sheets size 22 inches by 30 inches.

Size: 10½ inches by 14 inches.

Punching: Two round holes ⅜ of an inch in diameter shall be punched at centres 6 inches apart on one 10½ inch edge (hereinafter referred to as "the binding edge"). The centres of the holes shall be ⅜ of an inch from the binding edge and 2¼ inches from the top and bottom edges.

Margins: Margins shall be delineated by red lines ruled parallel to the edges as follows:—
½ an inch from the top and bottom edges on both sides; 2 inches from the binding edge on both sides; ½ an inch from the edge opposite the binding edge on the obverse; and 1½ inches from the edge opposite the binding edge on the reverse.

Note in Margins: The following note shall be printed in the margins of the binding edge on both sides:—

"*IMPORTANT*—All margins are for official use and must be left blank."

Printing: Any printed matter on the obverse shall read so that the binding edge shall be on the left hand side and any printed matter on the reverse shall read so that the binding edge shall be on the right hand side.

(2) The paper to be used for Requisitions for Negative Searches shall conform with the following specifications:—

Type and Quality: The same as that prescribed in sub-paragraph (1) for Memorials.

Size: 11 inches by 8½ inches.

Punching: Two round holes ¼ of an inch in diameter shall be punched at centres 9 inches apart on one 11 inch edge (hereinafter referred to as "the binding edge"). The centres
