Any preparation, not being a preparation capable of external use only, made from extract or tincture of Indian Hemp.

DESTRUCTIVE INSECTS AND PESTS

Colorado Beetle, p. 33 | *Importation of Plants, p.* 38

Colorado Beetle Order

1947 No. 141

The Ministry of Agriculture for Northern Ireland (hereinafter referred to as " the Ministry ") by virtue and in exercise of the powers vested in it under the Destructive Insects and Pests Acts (Northern Ireland), 1877 to 1934, and of every other power enabling it in that behalf orders and it is hereby ordered as follows :—

Short Title

1. This Order may be cited as the Colorado Beetle Order of 1947.

Definitions

2. In this Order unless the context otherwise requires :—

" Inspector " means an Inspector or other duly authorised officer of the Ministry ;

" Colorado Beetle " means the insect known as Leptinotarsa decemlineata (Say.).

Notice of existence or suspected existence of Colorado Beetle

3. Every person using land for agricultural or horticultural purposes, whether or not he is the occupier, in or on which Colorado Beetle exists or is suspected to exist, shall, with all practicable speed, give notice in writing to the Adviser in Entomology, Ministry of Agriculture, Agricultural Buildings, Elmwood Avenue, Belfast, of the existence or suspected existence thereof, and such notice shall, when practicable, be accompanied by a specimen thereof.

Restrictions on Acts likely to cause spread of Colorado Beetle

4. No person may, except with the authority of, and in accordance with the instructions of an Inspector :—

(1) spray or otherwise treat any crop infected with or suspected of being infected with Colorado Beetle :

(2) have in his possession any live Colorado Beetle which has been taken or removed from any crop ; or

(3) keep any live Colorado Beetle in captivity.

Provided that nothing in this Article contained shall prevent an occupier of any land, or the person using the land for agricultural or horticultural purposes at the time of the discovery of the Colorado Beetle thereon, from taking or having in his possession a live Colorado Beetle for the purpose of complying with the provisions of Article 3 hereof.

Powers of entry

5. An Inspector may, whether a notice has been given in accordance with Article 6 hereof or not, upon production, if so required, of his appointment or authority, enter upon and examine any crop upon any land or premises or any vehicle, waggon, vessel or other craft or thing in, on, or in the vicinity of which he has reason to believe that Colorado Beetle exists or has existed.

Declaration of infected place

6.—(1) An Inspector may, by notice in writing (in the form " A " set forth in the Schedule to this Order or to the like effect), declare any land in, on, or in the vicinity of which Colorado Beetle exists or is reasonably suspected by him to exist, to be an Infected Place for the purposes of this Order and such land shall continue to be an Infected Place until the notice is withdrawn by a notice in writing signed by an Inspector.

(2) Every notice under this Article shall be served upon each occupier of land and upon each person using the land for agricultural or horticultural purposes which is declared to be, or forms part of, an Infected Place. Provided that in the case of a group of allotments the notice need not be served on each holder of an allotment but may be displayed in one or more places on the allotments.
