4. The Ministry after consideration of the representations made by the governing body shall draw up an assignment scheme for each school in which it decides there are assignable teachers.

5. Each assignment scheme shall provide for the assignment of each assignable teacher on the staff of the school to which the scheme relates.

6. An assigned teacher may be required to serve in any recognised secondary, preparatory, technical or public elementary school, or other educational institution approved by the Ministry for the purpose, to which he may from time to time be assigned and may be required to take up duty in such school within one week of receiving notice from the Ministry to that effect.

(*b*) Notwithstanding the nature of the employment to which a teacher is assigned the service of an assigned teacher shall be regarded for the purposes of salary and superannuation as if it were given in the capacity in which the teacher was employed in the assigning school immediately prior to assignment.

(*d*) The salary of an assigned teacher shall continue to be paid by the governing body of the assigning school and shall be at the rate which would have been paid to him if he had not been assigned.
