Pedestrian Crossings.

ROAD TRAFFIC (PEDESTRIAN CROSSINGS) REGULATIONS (NORTHERN IRELAND), 1937, MADE BY THE MINISTRY OF HOME AFFAIRS ON THE 18TH DAY OF MARCH, 1937.

1937. No. 22.

The Ministry of Home Affairs for Northern Ireland, in exercise of the powers vested in it by Section 8 of the Motor Vehicles and Road Traffic Act (Northern Ireland), 1929, hereby makes the following Regulations :—

1. These Regulations may be cited as the Road Traffic (Pedestrian Crossings) Regulations (Northern Ireland), 1937.

2. For the purpose of these Regulations the expression "crossing place" means a crossing place for foot passengers on any roadway which is indicated by two lines not less than 8 feet apart of white or yellow studs fixed to the carriageway (the expression "white" to include the colour of polished steel or aluminium) and (except in the case of crossing places at road junctions where light signals are installed for the regulation of traffic) by yellow globes mounted on posts or attached thereto by means of brackets.

3. The driver of every vehicle approaching a crossing place shall, unless he can see that there is no foot passenger thereon, proceed at such a speed as to be able, if necessary, to stop before reaching such crossing place.

4. The driver of every vehicle at or approaching a crossing place where traffic is not for the time being controlled by a police constable or by light signals shall allow free and uninterrupted passage to any foot passenger who is on the carriageway at such crossing place, and every such foot passenger shall have precedence over all vehicular traffic at such crossing place.
