THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Directive 90/425/EEC of 26 June 1990 concerning veterinary checks applicable in intra-Union trade in certain live animals and products with a view to the completion of the internal market[(1)], and in particular Article 20(1) and (3) thereof,

Having regard to Council Directive 91/496/EEC of 15 July 1991 laying down the principles governing the organisation of veterinary checks on animals entering the Community from third countries and amending Directives 89/662/EEC, 90/425/EEC and 90/675/EEC[(2)], and in particular the second subparagraph of Article 6(4) and Article 6(5) thereof,

Having regard to Council Directive 97/78/EC of 18 December 1997 laying down the principles governing the organisation of veterinary checks on products entering the Community from third countries[(3)], and in particular Article 6(2) thereof,

Whereas:

(1) Commission Decision 2009/821/EC[(4)] lays down the list of border inspection posts approved in accordance with Directives 91/496/EEC and 97/78/EC and the list of central, regional and local units in the integrated computerised veterinary system (Traces). Those lists are respectively set out in Annex I and Annex II to that Decision.

(2) Following communication from Denmark, the approval of the border inspection post at Billund airport should be restricted to equidae and other animals than ungulates, and the approval of the border inspection post at Hanstholm port should be restricted to packed fishery products. (3) Following communication from Greece, the categories of ungulates and equidae should be removed from the approval of the road border inspection post at Evzoni and the border inspection post at Thessaloniki airport should be also approved for packed products for human consumption at ambient temperature.
