Council Decision (EU) 2019/865 of 14 May 2019 on the position to be taken on behalf of the European Union in the North-East Atlantic Fisheries Commission (NEAFC), and repealing the Decision of 26 May 2014 on the position to be adopted, on behalf of the Union, in the NEAFC

COUNCIL DECISION (EU) 2019/865

of 14 May 2019

on the position to be taken on behalf of the European Union in the North-East Atlantic Fisheries Commission (NEAFC), and repealing the Decision of 26 May 2014 on the position to be adopted, on behalf of the Union, in the NEAFC

THE COUNCIL OF THE EUROPEAN UNION,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 43, in conjunction with Article 218(9) thereof,

Having regard to the proposal from the European Commission,

Whereas:

(1) By Council Decision 81/608/EEC[(1)], the Union concluded the Convention on Future Multilateral Cooperation in the North-East Atlantic Fisheries[(2)], which established the North-East Atlantic Fisheries Commission (NEAFC), ('NEAFC Convention'). The 2004 and 2006 amendments to the NEAFC Convention were approved by Council Decision 2009/550/EC[(3)]. The amendments formally entered into force on 29 October 2013 although, in accordance with the London Declaration of 18 November 2005, it was agreed to implement the amendments on a provisional basis from their adoption, pending their entry into force.

(2) The NEAFC is responsible for the adoption of measures designed to ensure the long-term conservation and optimum utilisation of the fishery resources in the NEAFC Convention area ('the Convention area'). Such measures may become binding upon the Union.

(3) Regulation (EU) No 1380/2013 of the European Parliament and of the Council[(4)] provides that the Union is to ensure that fishing and aquaculture activities are environmentally sustainable in the long term and are managed in a way that is consistent with the objectives of achieving economic, social and employment benefits, and of contributing to the availability of food supplies. It also provides that the Union is to apply the precautionary approach to fisheries management, and is to aim to ensure that exploitation of marine biological resources restores and maintains population of harvested species above levels which can produce the maximum sustainable yield. It further provides that the Union is to take management and conservation measures based on the best available scientific advice, to support the development of scientific knowledge and advice, to gradually eliminate discards and to promote fishing methods that contribute to more selective fishing and the avoidance and reduction, as far as possible, of unwanted catches, to fishing with low impact on marine ecosystem and

Changes to legislation: *There are currently no known outstanding effects for the Council Decision (EU) 2019/865. (See end of Document for details)*

fishery resources. Furthermore, Regulation (EU) No 1380/2013 specifically provides that those objectives and principles are to be applied by the Union in the conduct of its external fisheries relations.

(4) As stated in the Joint communication by the High Representative of the Union for Foreign Affairs and Security Policy and the European Commission 'International ocean governance: an agenda for the future of oceans', and the Council conclusions on that Joint communication, the promotion of measures to support and enhance the effectiveness of regional fisheries management organisations (RFMOs) and, where relevant, improve their governance is central to the Union's action in these fora.

(5) The Communication from the Commission to the European Parliament, to the Council, to the European Economic and Social Committee and to the Committee of the Regions 'European Strategy for Plastics in a Circular Economy', refers to specific measures to reduce plastics and marine pollution as well as the loss or abandonment at sea of fishing gear.

(6) It is appropriate to establish the position to be taken on the Union's behalf in the meetings of the NEAFC for the period 2019-2023, and to repeal the Council Decision of 26 May 2014 on the position to be adopted, on behalf of the Union, in the NEAFC as the NEAFC conservation and enforcement measures will be binding on the Union and capable of decisively influencing the content of Union law, namely, Council Regulations (EC) No 1005/2008[(5)] and (EC) No 1224/2009[(6)], and Regulation (EU) 2017/2403 of the European Parliament and of the Council[(7)].

(7) Currently, the position to be taken on the Union's behalf in the meetings of the NEAFC is established by the Decision of 26 May 2014 on the position to be adopted, on behalf of the Union, in the NEAFC. It is appropriate to repeal that Decision and to replace it by a new Decision which would cover the period 2019-2023.

(8) In view of the evolving nature of fishery resources in the Convention area and the consequent need for the position of the Union to take account of new developments, including new scientific and other relevant information presented before or during the meetings of the NEAFC, procedures should be established, in line with the principle of sincere cooperation among the Union institutions enshrined in Article 13(2) of the Treaty on European Union, for the year-to-year specification of the Union's position for the period 2019-2023,

HAS ADOPTED THIS DECISION:

Article 1

The position to be taken on the Union's behalf in the meetings of the North-East Atlantic Fisheries Commission (NEAFC) is set out in Annex I.

Article 2

The year-to-year specification of the Union's position to be taken in the meetings of the NEAFC shall be conducted in accordance with Annex II.

***Changes to legislation:** There are currently no known outstanding effects for the Council Decision (EU) 2019/865. (See end of Document for details)*

Article 3

The Union's position set out in Annex I shall be assessed and, where appropriate, revised by the Council upon a proposal from the Commission, at the latest for the annual meeting of the NEAFC in 2024.

Article 4

The Council Decision of 26 May 2014 on the position to be adopted, on behalf of the European Union, in the North East Atlantic Fisheries Commission (NEAFC) is hereby repealed.

Article 5

This Decision shall enter into force on the date of its adoption.

Done at Brussels, 14 May 2019.

For the Council

The President

P. DAEA

Changes to legislation: *There are currently no known outstanding effects for the Council Decision (EU) 2019/865. (See end of Document for details)*

ANNEX I

The position to be taken on the Union's behalf in the North East Atlantic Fisheries Commission (NEAFC)

1. PRINCIPLES

In the framework of the NEAFC, the Union shall:

a) act in accordance with the objectives and principles pursued by the Union within the common fisheries policy (CFP), notably through the precautionary approach and the aims related to the maximum sustainable yield as laid down in Article 2(2) of Regulation (EU) No 1380/2013, to promote the implementation of an ecosystem-based approach to fisheries management, to avoid and reduce, as far as possible, unwanted catches, and gradually eliminate discards, and to minimise the impact of fishing activities on marine ecosystems and their habitats, as well as, through the promotion of economically viable and competitive Union fisheries, to provide a fair standard of living for those who depend on fishing activities and take account of the interests of consumers;

b) ensure that measures adopted within the NEAFC are in accordance with the NEAFC Convention;

c) ensure that measures adopted within the NEAFC are consistent with international law, and in particular with the provisions of the 1982 UN Convention on the Law of the Sea, the 1995 UN Agreement relating to the Conservation and Management of Straddling Fish Stocks and Highly Migratory Fish Stocks, the 1993 Agreement to promote compliance with international conservation and management measures by fishing vessels on the high seas, and the 2009 Food and Agriculture Organization Port State Measures Agreement;

d) promote positions consistent with the best practices of regional fisheries management organisations (RFMOs) in the same area;

e) seek consistency and synergy with the policy that the Union is pursuing as part of its bilateral fisheries relations with third countries, and ensure coherence with its other policies notably in the field of external relations, employment, environment, trade, development, research and innovation;

f) ensure that the Union's international commitments are respected;

g) be in line with the Council Conclusions of 19 March 2012 on the Commission Communication on the external dimension of the common fisheries policy[8];

h) aim to create a level playing field for the Union fleet within the NEAFC regulatory area based on the same principles and standards as those applicable under Union law, and to promote the uniform implementation of recommendations;

i) be in line with the Council conclusions[9] on the Joint communication by the High Representative of the Union for Foreign Affairs and Security Policy and the European Commission on *International ocean governance: an agenda for the future of oceans*[10] and promote measures to support and enhance the effectiveness of the NEAFC and, where relevant, improve its governance and performance (in particular as regards science, compliance, transparency and decision-making) as a contribution to the sustainable management of oceans in all its dimensions;
