## FORTY-SIXTH COMMISSION DIRECTIVE

**of 28 May 1984**

**amending the Annexes to Council Directive 70/524/EEC concerning additives in feedingstuffs**

(84/349/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Directive 70/524/EEC of 23 November 1970 concerning additives in feedingstuffs (1), as last amended by the Forty-fifth Commission Directive 84/107/EEC (2), and in particular Article 6 thereof,

Whereas Directive 70/524/EEC provides for regular amendment of the content of its Annexes to take account of advances in scientific and technical knowledge ;

Whereas certain coccidiostats, emulsifiers and certain binders, hitherto authorized for certain uses at national level, have been widely tested ; whereas the studies carried out and experience gained indicate that these additives may be authorized throughout the Community for the uses specified ;

Whereas there is evidence that the growth promoter Nitrovin no longer meets all the conditions required for it to be maintained on the list of additives authorized at Community level ; it is therefore appropriate to transfer this additive to Annex II to the Directive ;

Whereas a new use of the coccidiostat 'lasalocide sodium' has been successfully tested in certain Member States ; whereas this new use should be authorized provisionally, at least at national level, until such time as it is permitted at Community level ;

Whereas the investigation of various additives currently listed in Annex II and therefore authorizable at national level has not yet been completed ; whereas, therefore, the period of authorization of these substances should be extended for a specified period ;

Whereas the measures provided for in this Directive are in accordance with the opinion of the Standing Committee for Feedingstuffs,

HAS ADOPTED THIS DIRECTIVE :

(1) OJ No L 270, 14. 12. 1970, p. 1.
(2) OJ No L 61, 2. 3. 1984, p. 35.

*Article 1*

The Annexes to Directive 70/524/EEC are hereby amended as follows:

1. In Annex I:

(a) the following items are added to part D 'Coccidiostats and other medicinal substances':

| 'EEC No | Additives | Chemical formula, description | Species of animal | Maximum age | Minimum content (ppm of complete feedingstuffs) | Maximum content (ppm of complete feedingstuffs) | Other provisions |
|---|---|---|---|---|---|---|---|
| E 764 | Halofuginone | Trans-7-bromo-6-chloro-3-[3-(3-hydroxy-2-piperidyl)-acetonyl]-quinazolin-4-(3h)-one hydrobromide | Chickens for fattening | — | 2 | 3 | Use prohibited at least five days before slaughter |
| | | | Turkeys | 12 weeks | 2 | 3 | Use prohibited at least five days before slaughter |
| E 765 | Narasin | $C_{43}H_{72}O_{11}$ (Polyether of monocarboxylic acid produced by Streptomyces aureofaciens) | Chickens for fattening | — | 60 | 70 | Use prohibited at least five days before slaughter<br>Instructions for use to include: "Danger for equine species; keep out of their reach" |
| E 766 | Salinomycin sodium | $C_{42}H_{69}O_{11}Na$ (Polyether of monocarboxylic acid produced by Streptomyces albus) | Chickens for fattening | — | 50 | 70 | Use prohibited at least five days before slaughter<br>Instructions for use to include: "Danger for equine species; keep out of their reach" |

(b) in part E 'Emulsifiers, stabilizers, thickeners and gelling agents', under item No E 490 'Propane 1,2-diol', in the column 'Species of animal', 'Calves' is added after 'Cattle for fattening';

(c) item No E 850 'Nitrovin' in part J 'Growth promoters' is hereby deleted;

(d) the following item is added in part L 'Binders, anti-caking agents and coagulants':

| 'EEC No | Additives | Chemical formula, description | Species of animal | Maximum age | Minimum content (ppm of complete feedingstuffs) | Maximum content (ppm of complete feedingstuffs) | Other provisions |
|---|---|---|---|---|---|---|---|
| E 559 | Kaolinitic clays, free of asbestos | Natural occuring mixtures of minerals containing at least 65 % complex hydrated aluminium silicates whose main constituent is kaolinite | All species of animals | | | | All feedingstuffs' |
