EIGHTH COMMISSION DIRECTIVE

of 1 July 1974

amending the Annexes of the Council Directive of 23 November 1970 concerning additives in feedingstuffs

(74/378/EEC)

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community;

Having regard to the Council Directive of 23 November 1970 [1] concerning additives in feedingstuffs, as last amended by the Seventh Commission Directive of 26 February 1974 [2], and in particular Article 6 (1) (a) thereof;

Whereas the provision of the abovementioned Directive provides for the contents of the Annexes to be constantly amended due to the development of scientific and technical knowledge;

Whereas ferrous lactate complies in every respect to the principles ruling the admission of additives at Community level; that it is desirable therefore to authorize the use of this additive throughout the Community under the same conditions to those prescribed in Annex 1 for the trace element 'Fe';

Whereas the coccidiostats meticlorpindol/methylbenzoquate, and monensin-sodium and a new use of meticloprindol have been successfully investigated in certain Member States; whereas it is desirable to authorize these substances at least at national level until they are permitted at Community level;

Whereas carbadox used as a growth promoter and emulsifier 'Polyglycerol Alkyl ether' can for the reasons enumerated below be included also in Annex II;

Whereas the measures provided for in this Directive are in accordance with the Opinion of the Standing Committee for Feedingstuffs,

HAS ADOPTED THIS DIRECTIVE:

Article 1

The Annexes to the Council Directive of 23 November 1970 concerning additives in feedingstuffs shall be amended as stipulated in the following Articles.

Article 2

The following provision shall be added to Annex 1 part I 'Trace elements' under heading E1.

EEC No	Element	Additives	Chemical formula	Maximum content of the food in ppm of complete feedingstuffs
