# **Natural resources: status and trends towards a regional development agenda in Latin America and the Caribbean**

Contribution of the Economic Commission for Latin America and the Caribbean  
to the Community of Latin American and Caribbean States

UNITED NATIONS

This document was prepared by Hugo Altomonte, Chief of the Natural Resources and Infrastructure Division of the Economic Commission for Latin America and the Caribbean (ECLAC), and Jean Acquatella, Andrés Arroyo, Caridad Canales and Andrei Jouravlev, Economic Affairs Officers with the Division's Natural Resources and Energy Unit. Arturo Prieto Matte and Víctor Zúñiga, consultants, also collaborated in this work. The authors wish to express thanks to Jeannette Lardé and René Salgado, Research Assistants with the Natural Resources and Infrastructure Division.

## CONTENTS

Introduction.....	7
A. Natural resources governance and long-term structural change in Latin American economies.....	10
B. Responses of the mining, oil and gas sector to the 2000-2012 price cycle.....	12
 Chapter I	
The mining sector in the CELAC countries: recent trends and developments .....	15
A. The 2003-2012 mining boom in CELAC countries: surge in prices and exports .....	15
B. Trends in production, reserves and investment in the period 1990-2012 .....	18
1. Trends in mineral production and reserves in the region .....	20
2. Mining investment trends in the region .....	23
C. Evolution of the economic rent of the mining sector, State share and fiscal issues .....	24
1. State share of rent from the mining sector between 2000 and 2012 .....	25
2. Normative lessons from these findings .....	29
Bibliography .....	31
 Chapter II	
Oil and natural gas sector: recent trends and developments in CELAC countries .....	33
A. Introduction .....	33
B. Reserves, production, consumption and trend indicators .....	34
1. Latin America and the Caribbean in the global context .....	34
2. Reserves .....	37
3. Production and consumption .....	44
C. Trade in oil and natural gas.....	46
D. Investment .....	50
E. Contractual framework, economic rent and fiscal revenue .....	54
F. State take in hydrocarbon economic rent during the latest price cycle .....	55
G. Summary .....	57
Bibliography .....	58
 Chapter III	
Public policies for development of the hydroelectric power and water and sanitation services sectors in the CELAC countries .....	63
A. Introduction.....	63

B.	The sustainable development of hydroelectricity .....	66
1.	The current situation of hydroelectric generation in the CELAC countries .....	66
2.	The sustainability of hydroelectric power .....	71
C.	Current situation of water and sanitation services .....	73
1.	Efficient, equitable and sustainable delivery of services .....	75
2.	Reform experiences in the sector .....	79
D.	Public policy proposals .....	84
1.	Hydroelectric power .....	84
2.	Water and sanitation sector .....	88
	Bibliography .....	91
	Annex .....	95
Tables		
Table 1	Latin America and the Caribbean (10 countries): characteristics of tax regimes applied to products derived from non-renewable resources .....	8
Table I.1	Latin America and the Caribbean (15 countries) and selected other major mineral exporters: mining GDP and exports, 2000-2003, 2004-2009 and 2010-2012 .....	19
Table I.2	Latin America and the Caribbean: share of mining production in the world total, 1990-2012 .....	20
Table I.3	Latin America and the Caribbean (15 countries) and selected other major mineral exporters: economic rent of the mining sector as a percentage of GDP and fiscal revenues contributed by the sector as a percentage of GDP, of total fiscal revenues and of mining rent .....	26
Table II.1	Latin America and the Caribbean (selected countries) compared with world regions: reserves replacement times and development costs .....	41
Table II.2	World and Latin America and the Caribbean: evolution of oil and natural gas abundance, 1995-2012 .....	43
Table II.3	Latin America and the Caribbean: production-to-consumption ratio of oil and natural gas, 1995-2012 .....	47
Table II.4	Latin America and the Caribbean (selected countries): oil and natural gas sector indicators and fiscal contribution, 2000-2012 .....	56
Table III.1	Community of Latin American and Caribbean States (CELAC): share of fossil fuels and hydropower in the total primary energy supply, 1970-2012 .....	66
Table III.2	Community of Latin American and Caribbean States (CELAC): installed capacity for electricity generation, 2011 .....	67
Table III.3	Community of Latin American and Caribbean States (CELAC): hydroelectric energy potential and installed capacity, 2011 .....	69
Table A.1	Latin America (selected countries): future investment plans in the hydrocarbons sector, to 2017 .....	97
Table A.2	Latin America and the Caribbean (selected countries): fiscal systems for hydrocarbon exploration and exploitation activities, 2012 .....	99
Figures		
Figure 1	Index of international commodity prices, January 2000 to May 2013 .....	7
Figure I.1	Evolution of the international prices of copper, lead and zinc, 1960-2012 .....	15
Figure I.2	Latin America and the Caribbean and the world: share of mineral exports in total exports, 1962-2011 .....	16
Figure I.3	Latin America and the Caribbean: evolution of exports of primary minerals and mineral manufactures, 1990-2011 .....	17
Figure I.4	Latin America and the Caribbean and major mineral exporters: ratio of mineral exports in the primary stage to mineral exports in the manufacturing stage, 1990-2011 .....	18
Figure I.5	Distribution of world mineral exploration budget, by region or country of destination, 2003, 2010 and 2012 .....	21
Figure I.6	Latin America and the Caribbean: major recipient countries for mineral exploration investment, 2010 and 2012 .....	22
Figure I.7	Latin America and the Caribbean: main mineral reserves, 2000, 2010 and 2012 .....	23
Figure I.8	Distribution of mining investments among the top 10 recipient countries, 2000, 2010 and 2013 .....	24
Figure I.9	Latin America (8 countries): share of royalties in total fiscal revenues from mining (taxes and royalties), 2000-2003 to 2010-2012 .....	29

Figure II.1	Latin America and the Caribbean: share in oil and natural gas sectors, 2000 and 2012 .....	34
Figure II.2	Latin America and the Caribbean: rate of change in hydrocarbon reserves, production and consumption in the context of economic growth and the evolution of prices, 2001-2012 .....	35
Figure II.3	Latin America and the Caribbean and the world: evolution of prices, costs and activities in the oil and natural gas sectors, 2000-2012 .....	36
Figure II.4	Latin America and the Caribbean (selected countries): oil and natural gas reserves, 1995-2012 .....	38
Figure II.5	Latin America and the Caribbean (selected countries): evolution of oil and natural gas abundance, 1995-2012 .....	43
Figure II.6	Latin America and the Caribbean (selected countries): production and consumption of oil and natural gas, 1995-2012 .....	44
Figure II.7	Latin America and the Caribbean: oil and natural gas trade balances, 2000 and 2012 .....	48
Figure II.8	Latin America and the Caribbean: investment in oil and natural gas exploration and development, 2005-2012 .....	51
Figure II.9	Latin America and the Caribbean (selected countries): foreign direct investment (FDI) in hydrocarbons, 1996-2012 .....	52
Figure III.1	Community of Latin American and Caribbean States (CELAC): share of hydrocarbons and hydropower in the total primary energy supply, 1970-2012 .....	67
Figure III.2	Community of Latin American and Caribbean States (CELAC): installed capacity for electricity generation, 2011 .....	68
Figure III.3	Community of Latin American and Caribbean States (CELAC) and the world: electricity generation by source .....	68
Figure A.1	Latin America and the Caribbean and the world: reserves, production and consumption of oil and natural gas, by five-year periods, 1991-1995 to 1996-2010 .....	95
Figure A.2	Latin America (selected countries): drilling activities and oil prices, by crude oil type, 2000-2010 .....	95
Figure A.3	Latin America and the Caribbean and the world: proportion of hydrocarbons in the primary energy consumption matrix, by five-year periods, 1991-1995 to 2006-2010 .....	96
Figure A.4	Latin America and the Caribbean (selected countries): ratio between production and consumption of natural gas and oil, 1995-2012 .....	96
Figure A.5	Latin America and the Caribbean (selected countries): balance of trade in natural gas with the region and with the world, 2005, 2011 and 2012 .....	97
<b>Boxes</b>		
Box II.1	Brazilian pre-salt .....	39
Box III.1	Adaptation to climate change: the central role of water .....	65
Box III.2	Major hydropower projects in the CELAC countries .....	70
Box III.3	Social and environmental conflicts related to the development of hydroelectric infrastructure .....	73
Box III.4	The human right to water and sanitation .....	76
Box III.5	Regulation in the public provider model for water and sanitation services .....	82
