# Potential trade implications of Latin America and the Caribbean's climate commitments under the Paris Agreement

Jon Saalfield

This document was prepared by Jon Saalfeld, consultant with the International Trade and Integration Division of the Economic Commission for Latin America and the Caribbean (ECLAC), in the framework of the cooperation agreement between ECLAC and the Government of the Republic of Korea.

The author is grateful for comments by Sebastian Herreros and Nanno Mulder, Economic Affairs Officers in the International Trade and Integration Division of ECLAC, and Alicia Frohmann, consultant in the same Division.

The views expressed in this document, which has been reproduced without formal editing, are those of the author and do not necessarily reflect the views of the Organization or the countries it represents.
