# Foreign Direct Investment in Latin America and the Caribbean

UNITED NATIONS

ECLAC

**José Manuel Salazar-Xirinachs**

Executive Secretary

**Raúl García-Buchaca**

Deputy Executive Secretary for Management and Programme Analysis

**Mario Castillo**

Officer in Charge, Division of Production, Productivity and Management

**Sally Shaw**

Chief, Documents and Publications Division

The 2022 version of *Foreign Direct Investment in Latin America and the Caribbean* is the most recent edition of an annual series produced by the Unit on Investment and Corporate Strategies of the Division of Production, Productivity and Management of the Economic Commission for Latin America and the Caribbean (ECLAC). This year's edition was prepared by Leandro Cabello, Álvaro Calderón, Filipe Da Silva, Andrea Laplane, Stephania Mageste, Georgina Núñez and Nunzia Saporito, under the coordination of Cecilia Plottier. The databases were prepared by Leandro Cabello.

Comments and suggestions were received from Mario Cimoli, Mario Castillo, Martín Abeles, Olga Lucía Acosta, Jennifer Alvarado, Hugo Beteta, Miguel Cosmelli, Nicolo Gligo, Camila Gramkow, Sebastián Herreros, Jorge Mario Martínez, Carlos Mussi, Carolina Rocha, Giovanni Stumpo and Helvia Velloso.

The document was also prepared with inputs from the project "Inclusive and sustainable smart cities in the framework of the 2030 Agenda for Sustainable Development in Latin America and the Caribbean", implemented by ECLAC together with Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) and financed by the Federal Ministry of Economic Cooperation and Development (BMZ) of Germany.

Thanks are due to the government authorities and executives of companies consulted, for their inputs for the preparation of this document.

Any comments or suggestions concerning the contents of this document should be addressed to Cecilia Plottier ([maria.plottier@cepal.org](mailto:maria.plottier@cepal.org)).

The boundaries and names shown on the maps included in this publication do not imply official acceptance or endorsement by the United Nations.

Explanatory notes:

- Three dots (...) indicate that data are not available or are not separately reported.
- A dash (-) indicates that the amount is nil or negligible.
- A full stop (.) is used to indicate decimals.
- The word "dollars" refers to United States dollars, unless otherwise specified.
- A slash (/) between years (e.g. 2013/2014) indicates a 12-month period falling between the two years.
- Figures and percentages in tables may not always add up to the corresponding total because of rounding.

Executive summary.....	7
<b>Chapter I</b>	
<b>Overview of investment in Latin America and the Caribbean.....</b>	<b>17</b>
A. A recovery strained by the international context .....	19
B. Foreign direct investment has not returned to its pre-pandemic level in the region.....	24
1. Foreign direct investment in 2021 was up 40.7% on the year before .....	24
2. Investment in services recovered most quickly .....	28
3. The United States and the European Union: leading investors in the region .....	35
4. New investment announcements did not revive in 2021 .....	37
5. Impact investments: new tools for financing sustainable projects in the region .....	39
C. Latin American investment abroad has reached pre-pandemic levels .....	42
D. Conclusions .....	48
E. Analysis by country: all subregions received more foreign direct investment .....	51
1. The recovery of FDI in Brazil is explained by investment in services.....	53
2. South America: Chile, Peru and Uruguay were the countries showing the largest changes .....	55
3. Mexico sustained growth in FDI inflows.....	61
4. FDI inflows recovered in all the countries of Central America .....	63
5. The Caribbean: the Dominican Republic and Guyana consolidated their position as largest FDI recipients .....	66
Bibliography.....	71
Annex I.A1 .....	77
<b>Chapter II</b>	
<b>Foreign direct investment in the region's pharmaceutical industry.....</b>	<b>89</b>
Introduction .....	91
A. An industry that is based on innovation, strictly regulated and constantly changing .....	91
1. Pre-production.....	93
2. Production .....	96
3. Post-production.....	100
B. Internationalization has been linked to access to technologies and markets .....	100
1. Large United States and European firms lead the globalized marketplace .....	100
2. Mega mergers and large acquisitions have strengthened companies' international position .....	103
3. In Latin America and the Caribbean, FDI is concentrated in production and marketing .....	110
C. Latin America and the Caribbean: opportunities to strengthen capacity in the pharmaceutical sector .....	118
1. A strategic industry with an expanding market .....	118
2. Exports weakened and the region was the main destination .....	121
3. The need to define strategies in a changing world.....	123
4. The potential contribution of FDI to the development of the industry.....	124
5. Investment promotion agencies in Colombia, Costa Rica and Uruguay have prioritized the pharmaceutical sector .....	127
D. Opportunities for the region and conclusions.....	129
Bibliography.....	133
<b>Chapter III</b>	
<b>The emerging electric vehicle industry: opportunities for Latin America.....</b>	<b>137</b>
Introduction .....	139
A. The progress of electromobility: an emerging market with great potential? .....	140
1. Light electric vehicles are rapidly gaining market share.....	140
2. Electromobility also reaches heavy-duty vehicle segments.....	147

B. Potential for electric bus production in Latin America .....	155
1. The advance of electromobility in Latin American public transport .....	155
2. Conventional bus production capacity: a starting point for accelerating the electromobility transition.....	157
3. Brazil: epicentre of the first steps towards electric bus production .....	160
C. Policy recommendations and conclusions .....	166
1. Progress with public-public and public-private interconnections .....	166
2. Promoting mechanisms to plan and structure demand .....	167
3. Accelerating the replacement of bus fleets .....	168
4. Supporting the creation and consolidation of electric bus manufacturing capacities .....	168
5. Promoting investment in R&D .....	169
6. Additional measures .....	169
Bibliography.....	170
<b>ECLAC recent publications.....</b>	<b>175</b>

## Tables

Table I.1	Global foreign direct investment inflows, rates of change and distribution by region, 2010–2021 .....	19
Table I.2	Latin America and the Caribbean: inward foreign direct investment, by recipient country and subregion, 2005–2009, 2010–2014 and 2015–2021 .....	27
Table I.3	Latin America and the Caribbean: 20 largest cross-border mergers and acquisitions, 2021 .....	33
Table I.4	Latin America and the Caribbean (selected countries): outward foreign direct investment, 2010–2014 and 2015–2021 .....	42
Table I.5	Largest cross-border mergers and acquisitions by Latin American and Caribbean firms, 2021 .....	45
Table I.A1.1	Latin America and the Caribbean: inward foreign investment by country, 2003–2021 .....	77
Table I.A1.2	Latin America and the Caribbean: inward foreign direct investment by destination sector, 2008–2021 .....	78
Table I.A1.3	Latin America and the Caribbean: inward foreign direct investment by country of origin, 2007–2021 .....	80
Table I.A1.4	Latin America and the Caribbean: inward foreign direct investment by component, 2007–2021 .....	83
Table I.A1.5	Latin America and the Caribbean: inward foreign direct investment stock by country, 2001, 2005 and 2012–2021 .....	86
Table I.A1.6	Latin America and the Caribbean: outward foreign direct investment flows by country, 2003–2021 .....	87
Table II.1	Key actors in the pharmaceutical value chain .....	92
Table II.2	Largest global pharmaceutical companies by revenue, 2021 .....	101
Table II.3	World: 10 largest cross-border mergers and acquisitions in the pharmaceutical sector, 2013–2021 .....	107
Table II.4	Latin America and the Caribbean: top 10 cross-border mergers and acquisitions in the pharmaceutical sector, 2005–2021 .....	112
Table III.1	Latin America: electric vehicle sales, selected countries, 2020–2021 .....	145
Table III.2	National and subnational governments with official targets towards 100% zero-emission bus fleets, March 2022 .....	147
Table III.3	Electric buses in Europe: sales and share of total, by country, 2020–2021 .....	149
Table III.4	Original equipment manufacturers of conventional bus chassis with operations in Latin America, 2022 .....	159
Table III.5	Comparison between conventional and electric bus subsystems .....	160

## Figures

Figure I.17	Latin America and the Caribbean: environmental, social and governance (ESG) bond issuance on international debt markets, sectoral distribution, December 2014 to April 2022 .....	41
Figure I.18	Latin America and the Caribbean: stocks of outward foreign direct investment, 2010–2021 .....	43
Figure I.19	Cross-border mergers and acquisitions by Latin American and Caribbean firms, 2005–2021 .....	44
Figure I.20	Foreign direct investment project announcements by Latin American and Caribbean firms, 2003–2021 .....	46
Figure I.21	Foreign direct investment project announcements by Latin American and Caribbean firms, by sector, 2020 and 2021 .....	47
Figure II.1	Pharmaceutical companies with active R&D projects, by country or region, 2020 .....	95
Figure II.2	Biotechnology and pharmaceutical patents, by region, 2020 .....	95
Figure II.3	New chemical or biological entities developed, by region of origin, from 1998–2020 .....	96
Figure II.4	Origin of active pharmaceutical ingredients in the European Union and United States, 2020 .....	99
Figure II.5	Worldwide drug sales, 2001–2021 .....	101
Figure II.6	Internationalization indices of pharmaceutical companies in the UNCTAD transnational ranking, 2020 .....	102
Figure II.7	Transnational pharmaceutical company sales in Latin America, 2017–2020 .....	103
Figure II.8	Cross-border mergers and acquisitions and FDI project announcements in the global pharmaceutical sector, 2003–2021 .....	106
Figure II.9	Global cross-border mergers and acquisitions with target companies in the pharmaceutical industry, by target region, 2013–2021 .....	107
Figure II.10	Global FDI project announcements in the pharmaceutical industry, by region of destination, 2003–2021 .....	108
Figure II.11	Global FDI project announcements in the pharmaceutical industry, by value chain subsegment and destination region, 2003–2021 .....	109
Figure II.12	Brazil and Mexico: FDI inflows in the pharmaceutical industry, 2006–2021 .....	110
Figure II.13	Latin America and the Caribbean: cross-border mergers and acquisitions and FDI project announcements in the pharmaceutical industry, 2005–2021 .....	112
Figure II.14	Latin America and the Caribbean: cross-border mergers and acquisitions, by country and region of destination or country of origin, 2005–2021 .....	113

Figure II.15	FDI project announcements in the pharmaceutical industry, by value chain segment, 2003–2021 .....	115
Figure II.16	Latin America and the Caribbean: FDI project announcements, by country of destination and region of origin, 2003–2021 .....	116
Figure II.17	Latin America (7 countries): apparent consumption in the pharmaceutical industry, annual average from 2018–2019.....	119
Figure II.18	Latin America (7 countries): gross value added in the pharmaceutical industry, annual average, 2016–2019 .....	120
Figure II.19	Latin America (4 countries): share of domestic market sales of pharmaceutical products, by company ownership, 2020 .....	120
Figure II.20	Latin America (11 countries): number of pharmaceutical establishments authorized to export to the United States and the European Union, 2022 .....	121
Figure II.21	Latin America and the Caribbean: trade in pharmaceutical products, by main category, 2008–2020 .....	122
Figure II.22	Latin America and the Caribbean: distribution of trade in pharmaceutical products, by category and country, 2020.....	123
Figure II.23	Patents expiring worldwide, by drug type, 2020–2026.....	130
Figure III.1	Global sales and market share of light electric vehicles, 2016–2021 .....	142
Figure III.2	Sales of new light vehicles, by vehicle type and selected countries and regions, 2021–2035.....	142
Figure III.3	Electric buses: sales and total fleet shares, by selected countries and regions, 2015–2021 .....	148
Figure III.4	Global exports of public transport vehicles, by type, 2017–2021 .....	151
Figure III.5	Global trade in electric buses, 2017–2021.....	152
Figure III.6	Latin America: electric buses in circulation, by model and country, April 2022.....	156
Figure III.7	Latin America: electric buses in circulation, by manufacturer, April 2022 .....	156
Figure III.8	Latin America: production of conventional buses, by country, 2011–2021 or most recent year available .....	158

### Boxes

Box I.1	Hydrocarbon investment and the quest for net zero .....	30
Box I.2	A taxonomy of sustainable investment .....	41
Box II.1	The use of patents in the pharmaceutical industry: a controversial reality.....	94
Box II.2	Stages of the regulatory process.....	97
Box II.3	The Agreement on Trade-Related Aspects of Intellectual Property Rights .....	104
Box II.4	Brazil: expansion and internationalization strategies of domestic pharmaceutical companies.....	114
Box II.5	Announcements of investments in the non-traditional medicine sector .....	117
Box II.6	The pharmaceutical industry in Mexico .....	126
Box II.7	Investing in R&D capacity-building: the Republic of Korea .....	132
