TRADE BY COMMODITY

UNITED NATIONS
New York, 2010

The Department of Economic and Social Affairs (DESA) of the United Nations Secretariat is a vital interface between the global policies in the economic, social and environmental spheres and national action. The Department works in three main interlinked areas: (i) it compiles, generates and analyses a wide range of economic, social and environmental data and information on which United Nations Member States draw to review common problems and take stock of policy options; (ii) it facilitates the courses of action to address ongoing or emerging global challenges; and (iii) it advises interested Governments on the ways and means of translating policy frameworks developed in United Nations conferences and summits into programmes at the country level and, through technical assistance, helps build national capacities.

NOTE

Symbols of United Nations documents are composed of capital letters combined with figures
