ILO Cataloguing in Publication Data

The designations employed in ILO publications, which are in conformity with United Nations practice, and the presentation of material therein do not imply the expression of any opinion whatsoever on the part of the International Labour Office concerning the legal status of any country, area or territory or of its authorities, or concerning the delimitation of its frontiers.

The responsibility for opinions expressed in signed articles, studies and other contributions rests solely with their authors, and publication does not constitute an endorsement by the International Labour Office of the opinions expressed in them.

Reference to names of firms and commercial products and processes does not imply their endorsement by the International Labour Office, and any failure to mention a particular firm, commercial product or process is not a sign of disapproval.

ILO publications and electronic products can be obtained through major booksellers or ILO local offices in many countries, or direct from ILO Publications, International Labour Office, CH-1211 Geneva 22, Switzerland. Catalogues or lists of new publications are available free of charge from the above address, or by email: pubvente@ilo.org

This publication was produced by the Document and Publications Production,
Printing and Distribution Branch (PRODOC) of the ILO.

*Graphic and typographic design, layout and composition,
proofreading, printing, electronic publishing and distribution.*

PRODOC endeavours to use paper sourced from forests managed
in an environmentally sustainable and socially responsible manner.

1. Introduction	1
1.1 Overview	1
1.2 Organization of the report	7
2. Global and regional trends for youth employment	11
2.1 Sharp declines in youth labour force engagement	11
2.1.1 Dependency ratios are rising	12
2.1.2 Gender participation gaps are narrowing	13
2.2 Global youth unemployment expected to rise slightly	15
2.2.1 Young people continue to be over-represented among the unemployed	16
2.2.2 Regional youth unemployment trends vary but are largely negative in emerging regions	17
2.3 Employment quality remains a major concern	19
2.3.1 Working poverty disproportionately affects youth	19
2.3.2 Majority of employed youth are in the informal economy	21
2.3.3 Many young people are neither in employment nor in education or training	21
2.4 Demographic shifts, desires to migrate and implications for youth	23
2.4.1 Population and labour supply increasing in developing and emerging countries	23
2.4.2 Ageing societies influence youth labour markets	25
2.4.3 Youth and labour migration	25
2.5 It is not easy to be young in the labour market today	26
Chapter references	27
3. Measuring transitions: pathways to decent work	29
3.1 Transitions to work and beyond	29
3.2 Factors influencing transitions	32
3.2.1 Socio-economic factors	32
3.2.2 Educational factors	33
3.2.3 Work–study combination and work-based learning	35
3.3 Smoothing the path	36
Chapter References	36
4. Future of work for youth: Technology and sectoral shifts	37
4.1 New technologies and job creation and destruction	37
4.1.1 Impacts will vary with the level of development and economic structure of countries	39

4.1.2	Impacts will vary by skill levels	39
4.1.3	Impacts will vary between generations	41
4.2	Growth sectors for young workers in the past decade	41
4.3	Sectoral spotlight: Technology and young workers' prospects for the future . .	47
4.3.1	Financial services	47
4.3.2	Health services	50
4.3.3	Manufacturing	51
4.3.4	Transport and storage, information and communications	54
4.3.5	Trade, hotels and restaurants	55
4.4	New technology for a new generation of workers	58
	Chapter References	58

5.	New forms of youth employment	63
5.1	Diverse, non-standard forms of work	65
5.2	New forms of employment and the platform economy	69
5.3	The work that young people want	71
5.4	An uncertain future	72
	Chapter references	74

6.	Policies for a better future of youth employment	75
6.1	Stimulating jobs for youth through pro-employment economic policies	77
6.1.1	Macroeconomic policies	77
6.1.2	Sectoral strategies	78
6.2	Developing skills strategies to prepare youth for changing labour markets . . .	79
6.2.1	Building technical and core skills	79
6.2.2	Lifelong learning and continuous upskilling and reskilling	80
6.2.3	Integrating information and communications technologies (ICT) into education	80
6.2.4	Work-based training	81
6.3	Technology and active labour market measures	82
6.3.1	Implications and uses of technology for active labour market programmes	83
6.4	Youth entrepreneurship and self-employment	84
6.5	Rights at work for young women and men	86
6.5.1	Enabling transition to formality	86
6.5.2	New forms of employment and protecting young workers	87
6.5.3	Young worker's safety and health	88
6.6	Shaping the future of work	89
	Chapter references	89

Annexes

A.	Regional, country and income groupings	95
B.	Labour market estimates and projections	97
C.	Additional tables	101
D.	Meta-information on the ILO school-to-work transition surveys	106
E.	Labour Force Micro Database	108
F.	Sectoral employment shares and changes by country	113
G.	ILO Future of Work Survey	115

Boxes

1.1	Youth employment features prominently in the Sustainable Development Goals	3
1.2	GET Youth 2017 main findings	8
3.1	ILO School-to-Work Transition Surveys	29
3.2	How old are the young – defining youth	30
3.3	Stages of the transition from school to work	31
4.1	Four technologies that will shape the future of work	38
4.2	Young workers perform better than adults in technology-rich environments	40
4.3	The challenge of youth employment in construction in Ghana	41

6.7	What works for young women entrepreneurs in rural areas	85
6.8	The ILO Green Entrepreneurship Programme	86
6.9	Young people's transition to the formal economy	87
6.10	Rights@work4youth	88

Figures

2.1	Global labour force participation rates and employment-to-population ratios, by youth (15–24) and adults (25–64), 1997–2017	12
2.2	Global dependency ratio and youth-adjusted dependency ratio, 2000–20	13
2.3	Change in female and male labour force participation rates, by youth (15–24) and adults (25–64) and by region, from 1997–2017	14
2.4	Global youth unemployment and unemployment rate, 1998–2018	15
2.5	Youth-to-adult unemployment rate ratios by region, 2007–17	16
2.6	Extreme and moderate working poverty rates, by region and age group, 2017 (percentage of employed population)	19
2.7	Share of youth in formal and informal employment, 2016	21
2.8	Youth labour force trends and projections, by region, 1990–2030	24
2.9	Ratio of individuals aged 65 or older to youth aged 15–24, 2015–30	25
3.1	Stages of transition for young adults (25–29) by country income group	32
3.2	Length of transition, ratios by level of completed education	34

3.3	Length of transition by level of completed education and country income group	34
3.4	Length of transition by work–study combination	35
4.1	Ability to deal with new changing technologies by age group	40
4.2	Test score results for problem solving in technology-rich environments, young workers/adult workers, by country	40
4.3	Test score results for problem solving in technology-rich environments, young workers/adult workers, by sector	40
4.4	Sectoral distribution of employment in 2015 and percentage point changes in sectoral employment shares for young people and adults by region, 2005–15	42
4.5	Sector and age-specific employment share and skills distribution of young women, selected sectors and countries, 2005–2015	45
4.6	Skill composition of wage employment in financial intermediation, selected countries, 2005–15	49
4.7	Change in skill composition of young and adult wage employment in the financial intermediation sector, selected countries, 2005–15 (percentage points)	49
4.8	Skill composition of wage employment in the health sector, selected countries, 2005–15	50
4.9	Change in skill composition of youth and adult wage employment in the health sector, selected countries, 2005–15 (percentage points)	51
4.10	Skill composition of wage employment in manufacturing, selected countries, 2005–15	52
4.11	Change in skill composition of young and adult wage employment in manufacturing, selected countries, 2005–15 (percentage points)	52
4.12	Skill composition of wage employment in transport and storage, information and communications, selected countries, 2005–15	55
4.13	Change in skill composition of youth and adult employment in transport and storage, information and communications, selected countries, 2005–15 (percentage points)	55
4.14	Skill composition of wage employment in trade, hotel and restaurants, selected countries, 2005–15	56
4.15	Change in skill composition of young and adult wage employment in trade, hotel and restaurants, selected countries, 2005–15 (percentage points)	57
5.1	Employment status of young people, by sex, and income level, 2005–15 (per cent)	64
5.2	Changes in the forms of youth employment, 2005–15	66
5.3	Forms of employment, by age group, 2015	67
5.4	Employment ratios for five employment statuses and three comparisons, 2015	68
5.5	Returns to experience for young and adult crowd workers	69
5.6	How young people view their future employment prospects, 2017	71
5.7	Perceived effects of technological change on jobs among young people (aged 15–29), 2017	71
5.8	Young people’s ideal job, 2017	72
5.9	Young people’s expectations of job security, 2017	72
6.1	Youth perceptions on the implications of technological change	80

Tables

2.1	Youth labour force participation rates and gender gaps, by region and sex, 1997–2017	14
2.2	Youth unemployment projections, 2016–18	15
2.3	Youth unemployment trends and projections, by region, 2016–18	17
2.4	Youth working poverty trends and projections, 2016–18 (<US\$ PPP 3.10/day)	19
2.5	NEET rates and the female share in total NEET, latest year (per cent)	22
3.1	Job leavers by reason, high and low youth-unemployment countries, percentage	31
3.2	School-to-work transitions, 33 countries	33
6.1	Youth employment programmes: Advantages and disadvantages of different measures	83
C.1	Global unemployment and unemployment rates, youth (15–24), adult (25+) and total (15+), 2008–18	101
C.2	Regional youth unemployment rates, 2008–18 (%)	101
C.3	Global and regional youth labour force participation rates, 2000, 2008–18 (%)	102
C.4	Global and regional ratios of youth–to–adult unemployment rates, 2000, 2008–18 (%)	103
C.5	Global and regional youth employment–to–population ratios, 2000, 2008–18 (%)	104
C.6	Youth working poverty (15–24), extreme and moderate (<US\$ PPP 3.10/day), 2016–18 (millions)	105
C.7	Youth working poverty (15–24), extreme and moderate (<US\$ PPP 3.10/day), 2016–18 (%)	105
D.1	ILO school-to-work transition surveys: Meta-information	106
E.1	Data sources and sample sizes	108
F.1	Changes in the age-group specific sectoral employment shares of young people, by country, 2005–15	113
