ILO Cataloguing in Publication Data

The designations employed in ILO publications, which are in conformity with United Nations practice, and the presentation of material therein do not imply the expression of any opinion whatsoever on the part of the International Labour Office concerning the legal status of any country, area or territory or of its authorities, or concerning the delimitation of its frontiers.

The responsibility for opinions expressed in signed articles, studies and other contributions rests solely with their authors, and publication does not constitute an endorsement by the International Labour Office of the opinions expressed in them.

Reference to names of firms and commercial products and processes does not imply their endorsement by the International Labour Office, and any failure to mention a particular firm, commercial product or process is not a sign of disapproval.

ILO publications and digital products can be obtained through major booksellers and digital distribution platforms, or ordered directly from ilo@turpin-distribution.com. For more information, visit our website: www.ilo.org/publns or contact ilopubs@ilo.org.

This publication was produced by the Document and Publications Production,
Printing and Distribution Branch (PRODOC) of the ILO.

*Graphic and typographic design, layout and composition,
proofreading, printing, electronic publishing and distribution.*

PRODOC endeavours to use paper sourced from forests managed
in an environmentally sustainable and socially responsible manner.

Contents

Acronyms and abbreviations	vii
Acknowledgements.	ix
1. Introduction	1
1.1 Overview	1
1.2 Organization of the report	5
1.3 Main findings	6
2. Global and regional outlook for youth employment	9
2.1 Global youth labour force continues to decline	9
2.2 The youth employment-to-population ratio also decreases over time	13
2.3 Global youth unemployment starts to recover	15
2.4 But regional youth unemployment trends are mixed	18
3. Youth labour markets from the development perspective	25
3.1 Working too much, too young in low-income countries	26
3.2 Developments in the sectoral distribution of youth employment	28
3.3 Interpreting youth unemployment	29
3.4 More on skills mismatch: Exploring supply-side constraints	32
3.5 Deficiencies in job quality affect youth in both developed and developing regions	35
3.5.1 Increasing instability of employment among youth in developed economies	36
3.5.2 Job quality in developing countries.	40
3.5.3 Working poverty remains far too prevalent among youth	47
4. Youth and labour market transitions	51
4.1 Defining transitions	51
4.2 Lessons learned in measuring youth labour market transitions.	52
4.3 Transitions to stable or satisfactory employment	53
4.4 Transitions to first job	57
4.5 Transitions beyond first job	58
5. Policies for youth employment	61
5.1 Overview	61
5.2 Assigning priority to policies for job creation	62
5.3 Targeting specific disadvantages of young people through skills and labour market policies	65
5.3.1 Training and skills for employability	65
5.3.2 Labour market policies and other targeted interventions to reduce inequalities and promote employment of disadvantaged youth	66

5.4 Forging partnerships for scaling up investments in decent jobs for youth	70
5.5 Summary of main implications for policies and strategies for decent jobs for youth	72
Bibliography	73
Annexes	
Annex A. Additional tables	79
Annex B. Meta-information on the ILO school-to-work transition surveys.	89
Annex C. Regional studies on youth employment	91
Tables	
2.1 Youth labour force participation rates, by region and sex, 1991 and 2014 . . .	9
3.1 Part-time employment rates of youth, by status in employment, SWTS countries by income and regional groupings, 2012/13	41
3.2 Distribution of youth and adult employment, by economic class, developing countries, 1993 and 2013	47
4.1 Average length of transition from school to first job and first to current “transited” job, 19 SWTS countries, 2012/13	57
A.1 Global unemployment and unemployment rates, youth (15–24), adult (25+) and total (15+), 2007–15	79
A.2 Global and regional youth unemployment rates, 2007–19	80
A.3 Global and regional youth labour force participation rates, 2000, 2005–15 . .	81
A.4 Global and regional ratios of youth-to-adult unemployment rates, 2000, 2005–15	82
A.5 Global and regional youth employment-to-population ratios, 2000, 2005–15	83
A.6 Share of youth neither in employment nor education or training (NEET) in the youth population, European countries, selected years	84
A.7 Distribution of poor and middle class employment by age and region, 1993 and 2013	85
A.8 Youth unemployment rates by strict and relaxed definition, SWTS countries	85
A.9 Youth unemployment rate by level of completed educational attainment, SWTS countries, 2012/13	86
A.10 Incidence of overeducation and undereducation for youth, European countries, selected years	87
A.11 Vulnerable employment, casual paid employment and temporary (non-casual) paid employment among youth, by sex, 25 SWTS countries, 2012/13	88
B.1 ILO school-to-work transition surveys: Meta-information	90
Box tables	
1. Share in hazardous employment in the youth population aged 15-17.	28
2. Trends in youth unemployment rate, NEET rate, temporary employment rate, involuntary part-time rate and risk of poverty or social exclusion, selected countries and EU average, 2010–14	38

Figures

2.1	Changes in labour force participation rates of youth (15–24) and adults (25+), by region, 1991–2014	10
2.2	Changes in gross enrolment ratio in secondary and tertiary education, by region and sex, 2005–12	11
2.3	Youth employment-to-population ratios, by region, 2000–14	14
2.4	Gender gaps (male–female) in the youth employment-to-population ratio, by region, 2000 and 2014	14
2.5	Global youth unemployment and unemployment rate, 1995–2015	15
2.6	Youth unemployment rate estimates and projections, 2008–19	16
2.7	Youth unemployment rates, by region, 1995 and 2005–14	18
2.8	Youth unemployment rates, European countries, 2008, 2013 and 2014	20
2.9	Long-term youth unemployment, European countries, 2012 and 2014	21
2.10	Global and regional gender gaps in youth unemployment rates, selected years	22
3.1	Activity status of youth by age, SWTS countries by regional grouping, 2012/13	27
3.2	Youth employment by sector, SWTS countries by income grouping, 2012/13	29
3.3	Youth unemployment rates, global estimates by income grouping, 1991–2014	30
3.4	Youth unemployment rate by strict and relaxed definitions, SWTS countries by income grouping, 2012/13	31
3.5	Youth incidence of long-term unemployment, SWTS countries, by income and regional grouping and European Union, 2012/13	32
3.6	Qualifications mismatch of youth, SWTS countries, by income and regional grouping and European Union, 2012/13	34
3.7	Youth unemployment rate (strict definition) by level of completed education, SWTS countries, by regional grouping, 2012/13	35
3.8	Youth part-time employment rate and involuntary part-time among young part-time workers, selected OECD countries, 2000–13	36
3.9	Growth in incidence of temporary employment among youth, European countries, 2007–14	39
3.10	Vulnerable and casual employment and part-time employment among youth, SWTS countries by income grouping, 2012/13	40
3.11	Temporary employment of youth as a percentage of paid employment and total employment, SWTS countries, by income and regional grouping and European Union, 2012/13	42
3.12	Vulnerable employment, casual paid employment and temporary (non-casual) paid employment among youth, 25 SWTS countries, by income group, 2012/13	43
3.13	Youth in irregular employment (vulnerable employment, casual paid employment plus temporary (non-casual) paid employment), by sex, 25 SWTS countries, 2012/13	44
3.14	Youth in irregular employment, by likelihood of keeping job and desire to change job, 25 SWTS countries, 2012/13	45
3.15	Distribution of working poor (poor or near poor), developing countries by region, youth and adults, 2013	49
4.1	Young adults (25–29) by stage in the transition, 26 SWTS countries, 2012/13	54
4.2	Transition sub-categories for young adults (25–29), 26 SWTS countries, by region and income groupings, 2012/13	55
4.3	Length of time to completed labour market transition, by selected characteristics, 21 SWTS countries, 2012/13 (months)	56
4.4	Completed transitions with first job or beyond, 19 SWTS countries, by income grouping, 2012/13	59

Box figures

1.	Youth labour force participation rates in Developed Economies and European Union, by sex, 1991–2014	12
2.	Share of youth (15–29) who feel that economic conditions are getting worse, by region, 2014	23
3.	Willingness to migrate, by region, 2014.	46

Boxes

1.	Why do we focus on youth employment?	5
2.	How does the youth LFPR react to jobs crises?	12
3.	Interpreting the ratio of the youth-to-adult unemployment rate.	16
4.	Long-term unemployment in EU countries is not a youth domain	21
5.	How well does youth perception of the job market match reality?	23
6.	Work4Youth: An ILO project in partnership with The MasterCard Foundation	25
7.	Activities of adolescents (aged 15–17)	28
8.	Strict versus relaxed unemployment	31
9.	Is too much burden put on students to make good career choices?	33
10.	Youth employment outcomes in austerity	38
11.	Youth and willingness to migrate	46
12.	What is the demographic dividend and who should benefit?.	48
13.	ILO stages of labour market transition for youth	53
14.	Expansionary fiscal policy and youth employment outcomes: Lessons from the 2008–09 crisis	64
15.	The building blocks of quality apprenticeships	66
16.	Extending the coverage of unemployment benefit to workers in non-standard employment	67
17.	Protecting youth in vulnerable employment	69
18.	Youth employment: A priority of the 2030 development agenda	71

Acronyms and abbreviations

CIS	Commonwealth of Independent States
