EXPLANATORY NOTE

Reference to dollars (\$) are to United States dollars.

The '#' sign signifies numbers.

Tons refer to metric tons, unless otherwise stated.

Details and percentages in tables do not necessarily add up to the totals, owing to rounding.

Two dots (..) indicate that the data are not available or are not separately reported.

A dash (-) signifies that the amount is nil, or less than half the unit used.

In some tables, data shown for earlier years have been revised and updated, and may therefore differ from those shown in previous issues of this Review.

In the tables and the text, references to "countries" are to countries, territories or areas.
