Introduction	1-4	1

PART ONE

Developments in world seaborne trade and shipping tonnage

Chapter

I.	The development of international seaborne trade	5-31	5
	A. General development	5-11	5
	B. Development by types of commodities	12-19	6
	C. Development by groups of countries	20-31	7
II.	The development of the world merchant fleet	32-85	12
	A. Changes in the world fleet	32-37	12
	B. Flag distribution by groups of countries with particular reference to developing countries	38-60	13
	1. Over-all tonnage changes by groups of countries	39-53	13
	2. Changes in type of vessel and groups of countries	54-60	16
	C. Trends in types, sizes and age distribution	61-73	19
	1. Trends in types	61-64	19
	2. Trends in size	65-67	19
	3. Trends in age distribution	68-73	21
	D. The productivity of shipping space	74-77	22
	E. Tonnage on order	78-85	24
III.	World ship prices and the fleets of developing countries	86-115	27
	A. Changes in prices of new vessels	86-92	27
	B. Changes in prices of second-hand vessels	93-97	28
	C. Acquisition and financing of new and second-hand vessels by developing countries ..	98-115	30
IV.	Trends in shipbuilding	116-163	34
	A. General developments	116-123	34
	B. Particular developments by type of vessel	124-147	35
	1. Bulk cargo vessels	124-131	35
	2. General cargo and unit load system vessels	132-142	37
	3. Other vessels	143-147	38
	C. Trends in propulsion	148-156	40
	D. Automation and other technological advances	157-163	42
V.	Freight markets	164-195	44
	A. General developments	164-168	44
	B. Changes in freight rates in 1973	169-188	45
	1. Dry cargo tramp market freight rates	169-171	45
	2. Cargo liner freight rates	172-182	45
	3. Tanker freight rates	183-184	81
	4. The effect of the monetary crisis	185-188	81
	C. The level of freight rates, laying up and scrapping	189-191	82
	D. Liner freight rates as percentage of prices of selected commodities, 1963-1972	192-195	85

PART TWO

Other aspects of international maritime transport

VI.	Estimated global cost of sea transport	196-224	89
	A. Introduction	196-198	89

<i>Chapter</i>	<i>Paragraphs</i>	<i>Page</i>
B. Existing information	199-204	89
1. International Monetary Fund estimate	199-200	89
2. Estimate by the Committee on Invisible Exports	201-204	90
C. New global estimates	205-221	91
1. Estimate based on freight factors	206-207	91
2. Estimate based on adjustment of international trade data	208-211	91
3. Estimate based on information for selected countries	212-221	93
D. Concluding remarks	222-224	94
VII. Other topics	225-313	96
A. Institutional developments in world shipping	225-264	96
1. General	225-234	96
2. Particular examples of institutional developments	235-264	97
B. Unitization	264-285	101
1. Unit transport	265-274	101
2. Growth in unit transport	275-276	102
3. Growth of container trade routes	277-280	103
4. Growth in volume of unitized cargo	281-284	103
5. Use of different unit load systems	285	104
C. UNCTAD training courses	286-295	104
1. Second training course in shipping economics and management	286-289	104
2. The UNCTAD/SIDA port training courses	290-293	105
3. Berth throughput seminars	294-295	106
D. Air transport	296-302	106
E. Land bridges	303-310	107
F. World cruise fleet	311-313	109
Bibliography		110

LIST OF TABLES AND GRAPHS

Tables

<i>Table</i>	
1. Development of world international seaborne trade, 1960-1972	5
2. World seaborne trade, 1962-1973	7
3. World seaborne trade, 1965, 1970, 1971 and 1972, shares of groups of countries	8
4. Index of growth of total world seaborne trade by groups of countries and by category of goods	10
5. World shipping tonnage 1965-1973	12
6. Distribution of world tonnage (grt) by groups of countries of registration, 1965 and 1969-1973	14
7. Percentage share of world tonnage by type of vessel as at 1 July, 1965, 1971, 1972 and 1973	17
8. Percentage share of developing countries in the world fleet by vessel type, 1965 and 1971-1973	18
9. Analysis of world fleets by principal types of vessels, 1965 and 1970-1973	20
10. Trends in average size of world fleet by selected types of vessels 1965-1973	20
11. Age distribution of world merchant fleet as at 1 July 1965 and 1971-1973	21
12. Estimated ton-miles of oil shipments per dwt, by oil tankers of 10,000 dwt and over, 1962-1973	23
13. Estimated ton-miles of bulk commodities carried per dwt by bulk carriers, including bulk/oil carriers of 18,000 dwt and above, 1960-1972	23
14. Cargo carried per dwt of world fleet, 1960-1972	24
15. World tonnage on order as at 31 October, 1968-1973	25
16. Tonnage on order in million dwt as at 31 October, 1969-1973	26
17. Representative new building prices for bulk carriers and tankers, 1963-1973	27
18. Prices for newly built and readily available liner type vessels 11,000/13,000 dwt, 1963-1973	28
19. Tankers: second-hand prices, average values, 1966-1973	29
20. Dry bulk carriers: second-hand prices, average values, 1968-1973	29
21. Liner type vessels: second-hand prices, average values, 1968-1973	29
22. The course of the estimated second-hand values for 38,000 dwt bulk carriers built in 1966 (1,650,000/1,750,000 cubic feet with cranes) under changing freight market conditions	30
23. Estimated developments of freight rates and values for good class 10,500/12,500 dwt shelterdecker ..	30
24. Changes in the ocean-going merchant fleets of developing countries in 1971 and 1972: acquisition of new and second-hand ships by type of vessel and country of construction or previous flag: ocean-going ships of 1,000 grt and over	31

<i>Table</i>	<i>Page</i>
25. Deliveries of new buildings, 1964-1973	34
26. Forecast of world shipping demand	35
27. Vessels delivered worldwide, 1967-1971	37
28. Unit load system vessels on order at mid-1973	38
29. Liquid gas carriers: type and capacity analysis, January 1973	39
30. Firm LNG tanker orders, June 1973, and trades in which new tonnage will be employed	40
31. Trends in propulsion of vessels under construction and on order at 30 September, 1971-1973	41
32. Freight rate indices 1969-1973 (monthly and quarterly figures)	47
33. Liner freight rate changes and surcharges announced during the years 1972, 1973 and January-March 1974	48
34. Relationship between changes in freight rates and changes in laid-up tonnage, 1972-1973	82
35. The ratio of liner freight rates to prices of selected commodities, 1963-1972	85
36. Estimation of seaborne trade value, 1970	92
37. Sea transport cost as a percentage of seaborne trade values of selected countries, 1970	93
38. Sea transport cost of United States seaborne trade, 1970	94
39. Container capacity of main types of lift-on/lift-off vessels in operation on (or due to come into operation by) 1 January of 1969, 1972, 1973, 1974	102
40. Number of container line operators, deep sea trades, 1968 and 1972	103
41. Ports served by container-carrying steamship companies in the trades from the United States of America, 1968, 1972 and 1973	103
42. Containerized commercial cargo: United States inbound and outbound—main trades, 1968-1970	104
43. Loaded container and roll-on/roll-off goods traffic of the United Kingdom, inbound and outbound, 1967-1971	104
44. Type composition of unit load system tonnage in selective trades	105
45. Trends in air freight volume and in air freight operating revenues, 1962-1972 (scheduled operations of airlines of ICAO member States)	106
46. Growth of container and air cargo traffic, North Atlantic, 1968-1971	107
47. Development of the world cruise fleet, 1961-1973	108
48. Flag distribution of the world cruise fleet, 1972 and 1973	109

Graphs

<i>Graph</i>	
1. The course of freight rate indices and laying up and scrapping as percentages of world tonnage, 1966-1972: dry cargo vessels	83
2. The course of freight rate indices and laying up and scrapping as percentages of world tonnage, 1966-1972: oil tankers	84

ANNEXES

<i>Annex</i>	
I. Classification of countries and territories	113
II. World seaborne trade according to geographical areas, 1965 and 1968-1971	115
III. Distribution of world tonnage by flag of registration and type of ship, in order of size of fleets, in grt and dwt, as at 1 July 1972	117
IV. Distribution of world fleet by geographical areas, as at 1 July 1972	122
V. Distribution of world tonnage by flag of registration and type of ship, in order of size of fleets, in grt and dwt, as at 1 July 1973	124
VI. Distribution of world fleet by geographical areas, in grt and dwt, as at 1 July 1973	129
VII. Additions to and net changes in the merchant fleets of developing countries and territories during 1971	131
VIII. Additions to and net changes in the merchant fleets of developing countries and territories during 1972	136
IX. Selected maximum and minimum tramp freight rates, 1970-1973	141
X. Freight costs as percentage of trade values of selected commodities	142
XI. Estimation of seaborne trade, 1970	144
XII. Number and capacity of container and roll-on/roll-off vessels, 1965-1974 (container capacity expressed in number of 20-foot containers): in operation (or due to come into operation by) 1 January	146

EXPLANATORY NOTES

References to dollars (\$) are to United States dollars unless otherwise stated.

References to tons are to metric tons, unless otherwise specified.

The term "billion" signifies 1,000 million.

Use of a hyphen between years, e.g., 1965-1966, signifies the full period involved, including the beginning and end years.

An oblique stroke (/) between years, e.g., 1965/66, signifies a season or crop year.

Details and percentages in tables do not necessarily add up to totals, because of rounding.

* * *

The following symbols have been used in the tables in this *Review* :

A full stop (.) is used to indicate decimals.

Two dots (..) signify that data are not available or are not separately reported.

A dash (—) signifies that the amount is nil, or less than half the unit used.

* * *

The description and classification of countries and territories in this document and the arrangement of material, should not be considered as implying any judgement by the Secretariat of the United Nations regarding the legal status of any country or territory or in respect of the delineation of its boundaries, or regarding its economic system or degree of development. Inclusion of a particular country or territory in any economic or geographical grouping (or its exclusion) has been dictated by economic and statistical considerations.

ABBREVIATIONS

Names of organizations

ECE	Economic Commission for Europe
EEC	European Economic Community
IATA	International Air Transport Association
ICAO	International Civil Aviation Organization
ICHCA	International Cargo Handling Co-ordination Association
IBRD	International Bank for Reconstruction and Development
ILO	International Labour Organisation
IMF	International Monetary Fund
OAU	Organization of African Unity
OECD	Organisation for Economic Co-operation and Development
SIDA	Swedish International Development Agency
UNDP	United Nations Development Programme

Other abbreviations

CAF	Currency adjustment factor(s)
c.i.f.	Cost, insurance, freight
dwt	Deadweight tons
f.a.s.	Free alongside ship
f.i.o.	Free in and out of ship
f.o.b.	Free on board
grt	Gross registered tons
Intascale	International Tanker Nominal Scale
LASH	Lighter aboard ship
LNG	Liquefied natural gas
LPG	Liquefied petroleum gas
n.e.s.	Not elsewhere specified
nrt	Net registered tons
OBO	Ore/bulk/oil
pwc	Pakistan white cuttings (jute)
Ro/Ro	Roll on, roll off
RSSI	Ribbed smoked sheet No. I (rubber)
