

# Oceans Economy and Trade Strategy: Barbados

## Large pelagic longline fishery

Oceans Economy and  
Trade Strategies (OETS)  
Project Barbados

UNCTAD–DOALOS in  
cooperation with FAO

**Food and Agriculture  
Organization of the  
United Nations**

**UNITED NATIONS  
UNCTAD**

## Acknowledgments

The Oceans Economy and Trade Strategy (OETS) project is funded by the United Nations Development Account and implemented by the United Nations Conference on Trade and Development (UNCTAD) in cooperation with the Division for Ocean Affairs and the Law of the Sea (DOALOS) of the Office of Legal Affairs of the United Nations. The Food and Agriculture Organization of the United Nations (FAO) funded part of the consultancy for the preparation of this report and co-sponsored and supported certain project activities related to the OETS project Barbados.

This report was produced by Brad Gentner, Gentner Consulting Group, LLC, with significant support from Keith Flett.

The OETS project team thanks Honourable Kirk Humphrey, Minister of the Blue Economy and Maritime Affairs, Barbados; Joyce Leslie, Chief Fisheries Officer; Stephen Wiloughby, former Chief Fisheries Officer; and Travis Sinckler, Senior Environmental Officer, for their support and contributions to the implementation of the OETS in Barbados as national focal points designated by the Government of Barbados. The project team is grateful to Ronnie Griffith, Chief Economist, Ministry of Finance and Economic Affairs, for the important contributions to the project report review process. The team also expresses its gratitude to all those who participated in the OETS process in Barbados, particularly those who shared their views during the stakeholder consultations.

The document has benefited from comments and inputs from the staff of UNCTAD (David Vivas Eugui, Claudia Contreras), DOALOS (Francois Bilet, Michele Ameri and Amanda Elise Stoltz), FAO (Iris Monnereau), and the United Nations Development Programme (UNDP)-Barbados. Comments were also been provided by Roy Bealey (International Pole and Line Foundation), Donna King-Braithwaite (United Nations Partnership for Action on the Green Economy), Hon. Minister Kirk Humphrey (Ministry of the Blue Economy and Maritime Affairs, Barbados), Joyce Leslie (Chief Fisheries Officer, Barbados Fisheries Division), Aleeza Mosley (UNCTAD-DOALOS legal consultant), Vernel Nichols (Barbados National Union of Fisherfolk Organization) and Nikola Simpson (UNCTAD-DOALOS economic consultant).

## Explanatory notes

Reference to “dollar” and “\$” indicates United States dollars, unless otherwise stated.

Use of a dash (–) between dates representing years, e.g. 2015–2017, signifies the full period involved, including the initial and final years.

To reflect the closest estimate for data, decimals and percentages are rounded off. Numbers in money are rounded to the nearest dollar, unless otherwise stated.

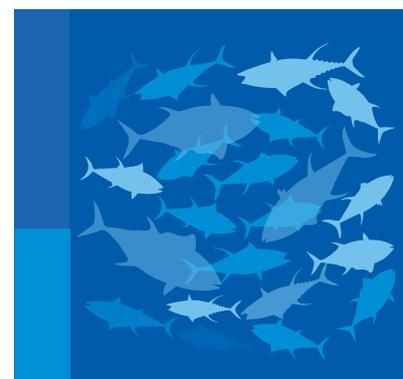

Decimals and percentages in this document do not necessarily add up to totals because of rounding.
