Sales No.: E.20.II.D.10

Acknowledgments

This report was prepared by Regina Asariotis, Lenka Kruckova and Viktoria Mohos Naray, Policy and Legislation Section, Trade Logistics Branch, Division on Technology and Logistics of UNCTAD. To the extent possible updates to reflect information available as of November 2019 have been included. The UNCTAD secretariat gratefully acknowledges the contribution of all experts, collaborators and stakeholders that have participated in and informed UNCTAD's related research and analysis, expert meetings and technical assistance work over the past ten years, on which this compilation draws.

For further information about UNCTAD's related work, please contact the UNCTAD secretariat's Policy and Legislation Section at policy.legislation@unctad.org or consult the website at <https://unctad.org/ttl/legal> and at <https://SIDSport-ClimateAdapt.unctad.org>.

List of Tables	vi
List of Figures	vi
Executive Summary	viii
1. Background and scope	1
2. Climate change impacts and adaptation for coastal transport infrastructure	4
2.1 Climate variability and change (CV&C): Impacts.....	4
2.2 Climate variability and change (CV&C): Trends and projections	8
2.3 Climate risk assessment and adaptation for coastal transport infrastructure	12
3. Examples of legal and regulatory approaches relevant for climate change impacts and adaptation for coastal transport infrastructure	14
3.1 International Conventions	15
3.2 Legal and regulatory approaches at regional and national level.....	20
Directive 2014/52/EU amending Directive 2011/92/EU on the assessment of the effects of certain public and private projects on the environment.....	20
UK Climate Change Act 2008	22
Public Resources Code, State of California, 2016	23
4. Examples of policies and plans relevant for climate change impacts and adaptation for coastal transport infrastructure	25
Regional Climate Change Adaptation Framework for the Mediterranean Marine and Coastal Areas 2016	25
Transport Climate Change Sectoral Adaptation Plan of Ireland, 2019	27
National Climate Change Adaptation Plan of France 2011, 2018.....	30
Climate Change Policy Framework for Jamaica 2015	32
National Climate Change Policy for Grenada, Carriacou and Petit Martinique 2017	33
Climate Risks and Adaptation Practices for the Canadian Transport Sector 2016	35
U.S. Department of Transportation Climate Adaptation Plan 2014	36
Climate Change Adaptation Plan of Japan 2018	38
Singapore’s Climate Action Plan 2016	39
Republic of Nauru Framework for Climate Change Adaptation and Disaster Risk Reduction 2015	40
5. Reports, studies and guidance on climate change impacts and adaptation for coastal transport infrastructure	42

**CLIMATE CHANGE IMPACTS AND ADAPTATION FOR COASTAL TRANSPORT INFRASTRUCTURE:
A COMPILATION OF POLICIES AND PRACTICES**

World Bank, Climate and Disaster Resilient Transport in Small Island Developing States: A Call for Action	43
Ng et al., Climate Change and Adaptation Planning for Ports	45
PIANC Guidance on Climate Change Adaptation Planning for Ports and Inland Waterways	46
Impacts of Climate Change and Variability on Transportation Systems and Infrastructure: Gulf Coast Study, Phase I and II	48
Enhancing the resilience of seaports to a changing climate report series	50
Associated British Ports Climate Change Adaptation Reports.....	53
ISO 14090 Standard on Adaptation to climate change.....	55
UNCTAD, Climate risk and vulnerability assessment framework for Caribbean coastal transport infrastructure	56
UNECE, Climate Change Impacts and Adaptation for Transport Networks and Nodes	58
Adapting to Climate Change I and II – Milford Haven Port Authority Reports to the UK Secretary of State.....	59
Adaptation measures at the Port of Rotterdam	61
Port of Manzanillo: Climate Risk Management	63
Climate Risk and Business: Ports - Terminal Marítimo Muelles el Bosque (Cartagena, Colombia).....	65
Port Authority of New York and New Jersey - Design Guidelines for Climate Resilience.....	67
Port of Long Beach Climate Adaptation and Coastal Resiliency Plan	69
Massport’s resilience strategy and the Floodproofing Design Guide.....	70
Climate Change Projections for Port Louis: Adding value through downscaling.....	74
Climate Risk Assessment for Avatiu Port and Connected Infrastructure	75
Brisbane Airport – New Parallel Runway Project.....	77
References	79

List of Tables

Table 2.1 Major impacts on coastal transportation infrastructure and operations from changing climatic factors and hazards. Lists are not exhaustive. For details, see also Asariotis et al. (2017) and UNECE (2019).....	7
Table 3.1 Examples of International Conventions of relevance to climate change impacts and adaptation for coastal transport infrastructure	15
Table 4.1 Strategic Objectives, Strategic Directions and Priorities of the Regional Climate Change Adaptation Framework for the Mediterranean Marine and Coastal Areas	26
Table 4.2 High and medium priority impacts of climate change vulnerabilities identified for ports... 29	
Table 4.3 Objectives and Priority Actions, Programme of Action 7:Resilient infrastructure and sustainable land management, National Climate Change Adaptation Plan (2017–2021) for Grenada, Carriacou and Petite Martinique (excerpt).....	34
Table 4.4 "Key Strategies" according to the Japanese Climate Change Adaptation Plan (2018)	38
Table 4.5 Priority infrastructure and coastal management actions contributing to CCA and DRR. Reproduced from the Framework for Climate Change Adaptation and Disaster Risk Reduction, Republic of Nauru (2015).....	41
Table 5.1 Overview of case studies on resilient transport experiences in SIDS. Reproduced from World Bank, Climate and Disaster Resilient Transport in Small Island Developing States: A Call for Action	44
Table 5.2 Main stages of the PIANC methodology on climate change adaptation planning for ports and inland waterways.....	47
Table 5.3 Climate-related risks included in the study considering all aspects of the value chain of the Port of Manzanillo.....	64
Table 5.4 Examples of PANYNJ Engineering Design Guidelines, references to Climate Resilience, extracted from PANYNJ Climate Resilience Design Guidelines (v1.1), 2018	67
Table 5.5 Massport's Resiliency Program Strategies. Retrieved from Massport, Resiliency Program Strategy	71
Table 5.6 Floodproofing Design Implementation Process. Retrieved from Massachusetts Port Authority, Floodproofing Design Guide (revised April 2015)	72
Table 5.7 Port Luis - Impacts upon transport and on livelihoods	74
Table 5.8 Critical success factors and lessons learnt in the design of the New Parallel Runway project (Brisbane airport).....	78

List of Figures

Figure 2.1 Global distribution of low lying islands and coasts particularly at risk from sea level rise
