This document was prepared by UNCTAD. Contributors to this guidance are as follows: Tatiana Krylova (team leader), Yoseph Asmelash, Elena Botvina, Isabel Garza Rodríguez, Cristina Martinez de Silva, Felipe Morgado and Edvins Reisons. Dorothy Dillard, Vanessa McCarthy and Xiahui Xin provided administrative support.

UNCTAD acknowledges with appreciation the excellent contribution of Ariela Caglio of Bocconi University, who worked on the drafting of the document based on the concept on core Sustainable Development Goal (SDG) indicators for enterprises, launched by UNCTAD at its fourteenth quadrennial conference in Nairobi, Kenya, in 2016, followed by deliberations of ISAR 32, 33 and 34 sessions on this topic, and her own extensive research. This version of the guidance has also been modified to reflect comments and deliberations of the thirty-fifth session of ISAR.

The work was carried out under the overall direction of James Zhan, Director, Division on Investment and Enterprise.

The guidance has been prepared in collaboration with the members of the Consultative Groups on SDG reporting by enterprises, annually convened by UNCTAD since the thirty-second session of ISAR, to deliberate progressively on the concept, criteria of selection, reporting principles and draft guidance on core indicators, prepared by the UNCTAD secretariat. In this regard, UNCTAD would like to express its appreciation to the following experts, who at different stages of elaboration of this document and underlying issues provided valuable arguments, inputs and comments:
