Note

UNCTAD serves as the lead entity within the United Nations Secretariat for matters related to foreign direct investment (FDI), as well as on matters related to science and technology. UNCTAD's work is carried out through intergovernmental deliberations, research and analyses, technical assistance activities, seminars, workshops and conferences.

The term "country" as used in this publication refers, as appropriate, to territories or areas. The designations employed and the presentation of the material do not imply the expression of any opinion whatsoever on the part of the

United Nations concerning the legal status of any country, territory, city or area, or of authorities, or of authorities, or concerning the delimitation of its frontiers or boundaries. In addition, the designations of country groups are intended solely for statistical or an analytical convenience and do not necessarily express a judgment about the stage of development reached by a particular country or area in the development process. Reference to a company, public or private centers and national programs and their activities should not be construed as an endorsement by UNCTAD of those institutions or their activities.
