

REVIEW OF MARITIME TRANSPORT

2013

UNITED NATIONS

REVIEW OF MARITIME TRANSPORT

2013

NOTE

The [Review of Maritime Transport](#) is a recurrent publication prepared by the UNCTAD secretariat since 1968 with the aim of fostering the transparency of maritime markets and analysing relevant developments. Any factual or editorial corrections that may prove necessary, based on comments made by Governments, will be reflected in a corrigendum to be issued subsequently.

*

ACKNOWLEDGEMENTS

The [Review of Maritime Transport 2013](#) was prepared by the Trade Logistics Branch of the Division on Technology and Logistics, UNCTAD, under the coordination of Jan Hoffmann with administrative support and formatting by Florence Hudry and Wendy Juan, the supervision of José María Rubiato, and the overall guidance of Anne Miroux. The authors were Regina Asariotis, Hassiba Benamara, Jan Hoffmann, Azhar Jaimurzina, Anila Premti, José María Rubiato, Vincent Valentine and Frida Youssef.

The publication was edited by John Rogers, Lucy Annette Deleze-Black and Maritza Ascencios. The cover was designed by Sophie Combette and Nadège Hadjemian. The desktop publishing was carried out by Nathalie Lorient.

The considered comments and valuable input provided by the following reviewers are gratefully acknowledged:

- Chapter 1: Clarkson Research Services, Tracy Chatman, Socrates Leptos-Bourgi, Jan-Willem Vanhoogenhuizen.
- Chapter 2: Clarkson Research Services, Yann Duval, Thomas Pawlik.
- Chapter 3: Hannes Finkenbrink, Robert Piller, Jan-Willem Vanhoogenhuizen.
- Chapter 4: Mary R. Brooks, Ki-Soon Hwang, Dong-Wook Song.
- Chapter 5: Mahin Faghfour, Stephen Fevrier, André Stochniol, Matthew Wilson.
- Chapter 6: Thanattaporn Rasamit, Gordon Wilmsmeier.

Thanks are also due to Vladislav Chouvalov for reviewing the publication in full.

TABLE OF CONTENTS

Note.....	ii
Acknowledgements.....	iii
Abbreviations.....	viii
Explanatory notes.....	x
Vessel groupings used in the <i>Review of Maritime Transport</i>	x
Foreword.....	xi
Executive summary	xii
1. DEVELOPMENTS IN INTERNATIONAL SEABORNE TRADE	1
A. World economic situation and prospects	2
B. World seaborne trade.....	6
C. Selected emerging trends affecting international shipping	25
2. STRUCTURE, OWNERSHIP AND REGISTRATION OF THE WORLD FLEET	35
A. Structure of the world fleet.....	36
B. Ownership and operation of the world fleet.....	42
C. Container ship deployment and liner shipping connectivity	51
D. Registration of ships	54
E. Shipbuilding, demolition and new orders	58
3. FREIGHT RATES AND MARITIME TRANSPORT COSTS	67
A. Freight rates.....	68
B. Recent developments in shipping finance: greater involvement of private equity	78
4. PORT DEVELOPMENTS	87
A. Port throughput	88
B. Financing port investments.....	88
C. Recent port developments.....	94
D. Assessing port performance	99
E. Conclusions	100
5. LEGAL ISSUES AND REGULATORY DEVELOPMENTS.....	103
A. Important developments in transport law	104
B. Regulatory developments relating to the reduction of greenhouse gas emissions from international shipping and other environmental issues.....	105
C. Other legal and regulatory developments affecting transportation	114
D. Status of conventions.....	122
E. International agreements on trade facilitation	123

6. SECURING RELIABLE ACCESS TO MARITIME TRANSPORT FOR LANDLOCKED COUNTRIES..... 139

A.	Obstacles to transit chains	140
B.	The cost of transit unreliability	143
C.	A model for a change of paradigm in transit	145
D.	Conclusions	149

Annexes

I.	World seaborne trade by country group (Millions of tons)	152
II. (a)	Merchant fleets of the world by flags of registration, groups of economies and types of ship, as at 1 January 2013 (Thousands of GT)	157
II. (b)	Merchant fleets of the world by flags of registration, groups of economies and types of ship, as at 1 January 2013 (Thousands of DWT)	162
II. (c)	Merchant fleets of the world by flags of registration, groups of economies and types of ship, as at 1 January 2013 (Number of ships)	167
III.	True nationality of the 20 largest fleets by flag of registration, as at 1 January 2013.....	173
IV.	Containerized port traffic (Alphabetical order)	179
V.	UNCTAD Liner Shipping Connectivity Index (Alphabetical order).....	181

LIST OF TABLES, FIGURES AND BOXES

Tables

1.1.	World economic growth, 2008–2013 (Annual percentage change)	2
1.2.	Growth in the volume of merchandise trade, by country groups and geographical region, 2009–2012 (Annual percentage change)	5
1.3.	Development in international seaborne trade, selected years (Millions of tons loaded)	7
1.4.	World seaborne trade in 2006–2012, by type of cargo, country group and region	11
1.5.	Major producers and consumers of oil and natural gas, 2012 (World market share in percentage).....	16
1.6.	Some major dry bulks and steel: main producers, users, exporters and importers, 2012 (World market shares in percentages)	19
1.7.	Estimated containerized cargo flows on major East–West container trade routes, 2009–2012 (Millions of TEUs and percentage annual change)	24
2.1.	World fleet by principal vessel types, 2012–2013 (Beginning-of-year figures, thousands of dwt; percentage share in italics).....	37
2.2.	Container ship deliveries	38
2.3.	Age distribution of the world merchant fleet, by vessel type, as of 1 January 2013 (Percentage of total ships and dwt)	40
2.4.	The 35 countries and territories with the largest owned fleets, as of 1 January 2013 (Dwt)	43

2.5.	The 20 leading liner companies, 1 January 2013 (Number of ships and total shipboard capacity deployed, in TEUs)	51
2.6.	The 35 flags of registration with the largest registered fleets, as of 1 January 2013 (Dwt).....	56
2.7.	Distribution of dwt capacity of vessel types, by country group of registration, 2013 (Beginning-of-year figures, percentage of dwt)	57
2.8.	Deliveries of newbuildings, major vessel types and countries where built, 2012 (Thousands of GT)	59
2.9.	Tonnage reported sold for demolition, major vessel types and countries where demolished, 2012 (Thousands of GT)	59
2.10.	World tonnage on order, 2000–2013	62
2.11.	Tonnage utilization by type of vessel, January 2013 (Percentage of dwt or cubic metres)	64
3.1.	Container freight markets and rates	69
3.2.	Container ship time charter rates (Dollars per 14-ton slot per day)	72
3.3.	Baltic Exchange Index	73
3.4.	Tanker market summary – clean and dirty spot rates, 2012–2013 (Worldscale)	74
3.5.	Selected recent private equity investments in shipping	81
4.1.	Container port throughput for 76 developing countries/territories and economies in transition for years 2010, 2011 and 2012 (Twenty-foot equivalent units)	89
4.2.	Top 20 container terminals and their throughput for 2010, 2011 and 2012 (Twenty-foot equivalent units and percentage change)	91
4.3.	A comparison of international finance to the transport sector (2012).....	92
4.4.	A brief comparison of potential investors in infrastructure.....	93
4.5.	Ten largest infrastructure funds, 2008–2012	94
5.1.	Contracting Parties to selected international conventions on maritime transport, as at 30 June 2013	122
5.2.	Top 10 measures with the highest estimated need for technical assistance and capacity-building	127
6.1.	Distances to ports from selected landlocked developing countries	140
6.2.	Number of days to export	141
6.3.	Presence of main container shipping lines in landlocked developing countries, 2013 (Number of offices)	147

Figures

1.1.	The OECD industrial production index and indices for world gross domestic product, merchandise trade and seaborne shipments (1975–2013), (1990 = 100)	4
1.2.	International seaborne trade, selected years (Millions of tons loaded)	7
1.3 (a).	World seaborne trade, by country group, 2012 (Percentage share in world tonnage).....	8
1.3 (b).	Participation of developing countries in world seaborne trade, selected years (Percentage share in world tonnage)	8
1.3 (c).	World seaborne trade, by geographical region, 2012 (Percentage share in world tonnage)	9
1.4.	World seaborne trade in cargo ton–miles by cargo type, 1999–2013 (Billions of ton–miles)	14

1.5 (a). Global container trade, 1996–2013 (Millions of TEUs and percentage annual change)	23
1.5 (b). Estimated containerized cargo flows on major East–West container trade routes (Millions of TEUs)	24
2.1. World fleet by principal vessel types, 1980–2013 (Beginning-of-year figures, in millions of dwt)	36
2.2. Trends in deliveries of container ships (New container ships, in TEU, 2005–2012)	39
2.3. Age structure of world fleet, national and foreign flags	40
2.4. Fleet profiles of the major 48 ship-owning developing countries/territories and countries/territories with economies in transition (Dwt, by country of ownership, 1 January 2013)	45
2.5. Trends in container-ship fleet deployment (Index =100 for 2004, data for mid-2004–mid-2013)	52
2.6. Trends in the LSCI (Index =100 for the maximum value in 2004)	54
2.7. Global share of foreign-flagged fleet (Beginning-of-year figures, percentage of world total dwt, 1989–2013)	57
2.8. Deliveries of newbuildings, major vessel types and countries where built, 2012 (Thousands of GT)	58
2.9. Tonnage reported sold for demolition in 2011, by age (Years and dwt)	60
2.10. World tonnage on order, 2000–2013 (Thousands of dwt)	61
3.1. Growth of demand and supply in container shipping, 2000–2013 (Annual growth rates)	68
3.2. New ConTex Index, 2008–2013	70
3.3. Baltic Exchange Dry Index, 2007–2013 (Index base year 1985 – 1,000 points)	76
3.4. Daily earnings of bulk carrier vessels, 2007–2013 (Dollars per day)	76
3.5. The German limited partnership model	80
4.1. A comparison of port productivity by region (2013)	99
5.1. Level of implementation of trade-facilitation measures per country	125
5.2. Full implementation level per area of trade-facilitation measures	126
5.3. Most-quoted reasons for non-implementation	126
5.4. Percentage of the measures requiring technical assistance and capacity-building	127
6.1. Cost to import (Dollars per container)	141
6.2. Transport cost of being landlocked (Ratio)	142
6.3. Mineral ore extraction and intermodal transport chain	146
